A Message from Tom Kirsch
ETI National President

Hello to all.

2019 has started off will a lot of rain...too much in some areas, but we need the rain and snow pack! Hopefully, we will have some more. February's forecast shows possibly of more...sure hope so.

We had an ETI National board meeting January 21. The meeting went well, and we were able to get some problems worked out as far as the high point program.

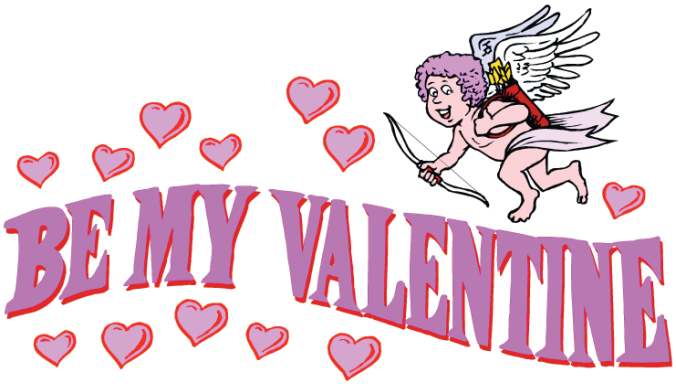
We will be able to put a large down payment on our insurance thanks to the corrals for getting their 2019 Event Schedules to us in a timely manner. We should be able pay the rest of the bill in the next couple of months saving us a lot of money! This is something that I really wanted to happen!

Now with these problems being handled, we can move on with the Convention, Spring Ride and Death Valley. We are really looking forward to a great 2019 for ETI.

I believe our Presidents luncheon is going to be well attended and, hopefully, a lot of information and ideas can be exchanged.

Stay safe and look out for each other!

Tom



National Board Meeting
March 18 at 7pm
Foothill Trails District
Neighborhood Council Office
9747 Wheatland Ave.
(Corner of Wheatland & Sunland)

Join us!

ETI's 31st Annual Spring Ride - Heart Bar Campground in the Mountains of San Bernardino

Written by Kelli Land

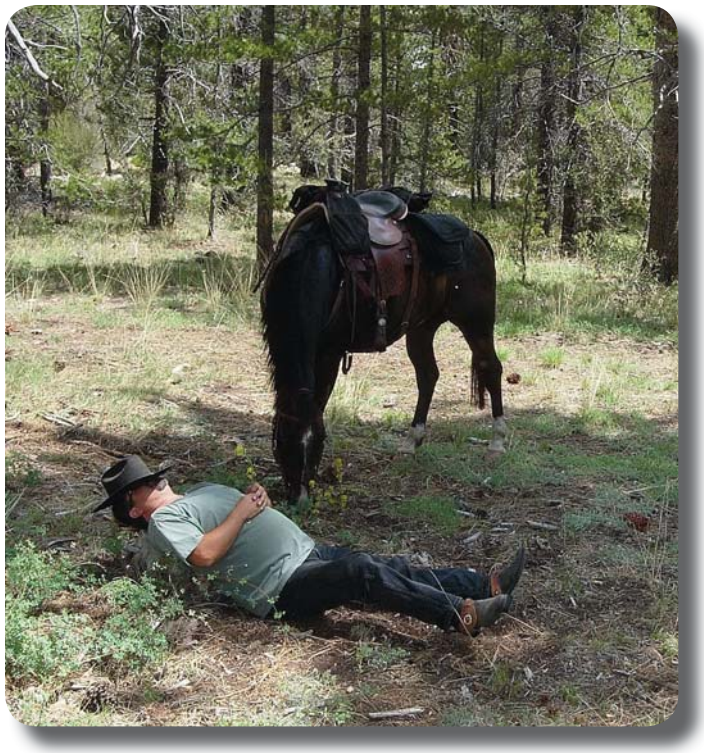
This year's ETI Spring Ride will be at Heart Bar Equestrian campground near Big Bear June 9-15, 2019. We will ride some of Southern California's greatest backcountry horseback riding trails. ETI's cook crew will prepare our meals (breakfast, a variety of lunch fixin's, dinner, and dessert). Our

trail boss will lead us on four days of wagon-wheel rides, with a duration of 4-6 hours through valley and mountain trails. Riders will have plenty of time for rest and social time with other riders. Mid-week we have a day of rest when riders can explore the nearby villages, hike, or just sleep in, and then all join in for lunch and the super-fun cornhole tournament.

The campground offers one large-group campsite, available for tent or RV camping. The site can accommodate up to 65 people and 21 vehicles, as well as a large number of horses. The campground is equipped with corrals for 40 horses, multiple tables, a campfire circle and grills. Firewood is available for purchase at the adjacent Heart Bar Campground. Accessible flush toilets, showers and drinking water are provided at the campground.

The campground is located in the pine-covered mountains of Southern California, at an elevation of 6,880 feet. It is not far from the Big Bear Lake, but far enough to retain a remote and secluded atmosphere.

Save the dates! See you at ETI's 31st Annual Spring Ride!



ETI's 31st Annual Spring Ride- Heart Bar Campground in the Mountains of San Bernardino

Horse Latitudes: With a Spoonful of Sugar or...Prepare for Battle?

Written by Jeannine Roman

Horses aren't always the best patients. When it comes to getting medications into their mouths, even the smallest pony can turn into the equine version of a giraffe. Or discover the adorable technique of eating around the medication you so carefully hid within the feed, leaving a pill pile at the bottom of his feed bucket. Or turning his nose up at the powder you mixed with "irresistible" applesauce.

On occasion even the healthiest horse needs oral medication to treat a minor infection or illness. Getting bitter pills, powders or paste into the belly of a resistant 1,000 animal can be, let's charitably say, tricky. Looking at it from the horse's perspective, administration of oral medication is the perfect opportunity for the horse to test their owner's dexterity, handling skills and patience. Just don't take it personally.

No matter how frustrating, it's important that your horse receive the full amount of each dose at the correct time for the prescribed number of days. Before attempting to give powdered medication, consider how he eats from his feed bucket. Does he flip his bucket or use his nose to shovel feed out of the bucket because it tastes better off the floor? If he does this, he will probably not get a full dose of medication.

Since you rightly suspect your horse won't just lick the giant pill or powder out of your hand, there are some techniques to make the medicine go down with minimum fuss with none of it winding up on the stall floor or on your shirt.

POWDERS AND PILLS

If administering pills instead of powders, you might consider crushing them. A mortar and pestle or coffee grinder dedicated to pill pulversing (and kept scrupulously clean) makes easy work of crushing. Placing the pills inside a paper envelope and then into a resealable plastic bag, closing the bag and using a hammer to crush them is always a lot of fun. Be careful when crushing pills, make sure you do not inhale any of the substance because some products may be toxic to humans.

NOTE: Some pills with special coatings should be given whole--check with your veterinarian before crushing any pills.

Powders and pulverized pills are easy to top dress over a feed ration. Some pills/powders come favored to make the medication more appetizing to horses. Some horses will eat powdered medications without much fuss, while others take the attitude of "you're kidding, right?"

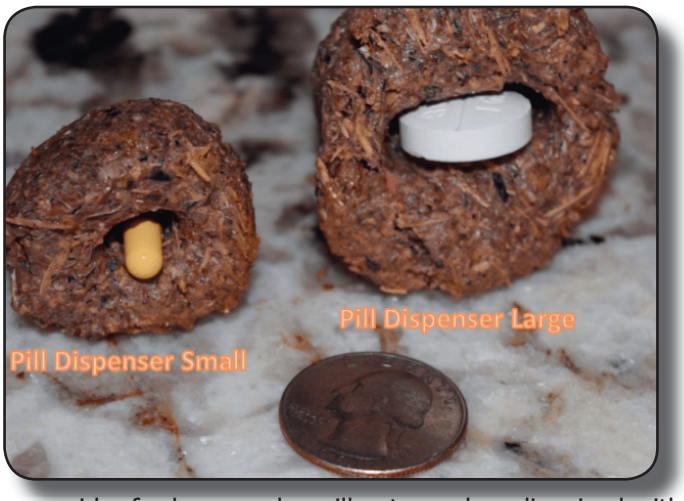
Powders and granules mixed with dry feed tend to sift to the bottom of the feed bucket. Wetting the feed to turn it into mash may outsmart a not too fussy eater. If you are wetting dry feed, don't wet the feed to a slurry consistency because that will have the medication coating the walls of the feed bucket and not be consumed. Dark molasses and corn oil have long been used to help prevent powders from separating from feed and are highly palatable to most horses (but probably not to an equine diva).

Some horses will happily eat powdered or crushed medication mixed in sweet feed without adding a disguising carrier. However, I've found that once they taste the powder in their feed (especially bitter powders like bute, antibiotics and anti-ulcer medications), they will become unwilling to eat the feed again. In my attempts to increase cooperation and to establish who is really in control of the medication activities, I have tried blending powdered medication into sweet feed

Horse Latitudes: With a Spoonful of Sugar or... Prepare for Battle? (cont.)

Written by Jeannine Roman

with applesauce, blackstrap molasses, pancake syrup, cake frosting, powdered fruit drink mix, flavored gelatin powder, mashed cooked carrots, crushed peppermint candy, carrot baby food, Karo syrup, honey and peanut butter. As you can see from this list, there is on-going controversy about what is acceptable on any given day to make the medicine go down.



As an aside, for horses who will eat powders disguised with flavorings, strawberry flavor seems to be popular with a lot of horses (who knew?).

A few precautions: It's important to know a horse's metabolic status when adding a masking agent. Horses suffering from EMS, EMS related laminitis or are insulin-resistant should not have sugary additives administered with medications.

Avoid treats labeled "sugar-free" or "artificially sweetened" as they are likely to contain sorbitol or xylitol which should not be consumed in large amounts. While yogurt is generally safe for healthy horses to eat, it should not be fed to ill horses as yogurt contains calcium which can disrupt the absorption of medication.

NOTE: Not all medications can be given with food; check with your veterinarian.

Another stealth technique, especially for small pills, is to insert it into a "pill pocket" hole made in a chunk of apple or carrot. Give the horse several unmedicated chunks and then offer the doctored chunk, followed quickly by a few more plain ones. If you are really lucky, the horse will chew and swallow without noticing the pill. Horses have good senses of smell and taste and this trick might not work for later doses.

NOTE: While one horse might find his medication-disguised feed unappealing, a companion might be happy to gobble up all the treats and goodies in the bucket, including the medication dose. Make sure to feed the horse being medicated by himself.

If no combination of these techniques and tasty treats can persuade your horse to consume the medication voluntarily, you need to up your game using a different technique. The medication application via syringe now comes into your life.

SYRINGE

The big advantage to dosing by syringe is that it eliminates any doubt that the horse received the full measure of his medicine. Properly administered, the syringe will dispense the medication onto the back of the horse's tongue where he will obligingly swallow it.

The syringe drawback is equine tolerance of the syringe going into his mouth. We all know that horses easily and quickly learn the things we don't want them to do. It may take only one or two syringe applications of having an unpleasant substance squirted into his mouth before he morphs into a 24 hand tall dragon when he sees you coming with a syringe. Your sweet companion can suddenly go into a major explosion, rearing, striking, using his head as a wrecking ball and throwing himself (and you) around.

Horse Latitudes: With a Spoonful of Sugar or...Prepare for Battle? (cont.)

Written by Jeannine Roman

So to help turn the process into a positive, less stressful experience, organize the following before getting the horse out:

A two ounce, catheter-tip "irrigation" dosing syringe works best. These syringes have long, wide tips and usually hold 60ml of fluid (or two ounces) which is about the maximum that an adult horse's mouth will easily hold (how's that for a piece of amazing trivia?). You can make a dosing syringe by cutting off the tip of any size syringe, widening the hole and smoothing the edges.

If the medication is in a powder format you will obviously have to add a liquid. Whatever liquid additive you use, the goal is to make a paste that can easily be pushed through the tip of the syringe without being so thin that it runs out of the horse's mouth. Very thick, sticky substances like peanut butter or honey tend to require more effort to push through the plunger and make a substantial mess if the horse starts throwing his head around while you are depressing the plunger (trust me on this one).

For powders that will dissolve in water, I usually add a very small amount of water and then one of the yummy substances mentioned above to, hopefully, hide the unpleasant taste of the medication.

To load the syringe, remove the plunger, plug and keep a finger on the open end, add the medication, replace the plunger, and shake until well mixed. Be careful that the plunger and the meds don't fly out while you're shaking it. Don't laugh…I've watched plenty of flying medications.

Before giving the medication, ensure that the horse has an empty mouth. It is frustrating to administer medication only to have the horse spit it out with a wad of feed.

With the horse haltered, slide the syringe up one side of the horse's mouth going inside the cheek. You want to aim for the area where the bit goes…no teeth there! Using your finger as a guide, slide the syringe into his mouth and onto the top of his tongue to the back of the tongue.

Some horses object to having a hand placed over their nose. Sometimes just by placing your hand under his jaw and lifting his head slightly will get cooperation from even the most stubborn and resistant horse.

NOTE: Always be aware of where your feet are and never stand directly in front of the horse; a resistant horse could hit you in the face with its head or strike with a front foot.

As soon as you have the syringe inserted and it is pointing towards the back of the mouth and with the horse holding his head still, quickly and smoothing depress the plunger. Avoid poking the roof of the mouth with the end of the syringe. Do not let the horse grab the syringe with his cheek teeth. The object is to shoot as much of the medication as possible over the back of the tongue where he can't spit it out. Immediately remove the syringe so he can swallow and lick the inside of his mouth clean. Tell him he's a good boy.

You can stimulate the horse's swallowing reflex by tickling the tongue with small movements of the syringe. Also, holding the horse's head slightly elevated and rubbing under the throatlatch area can encourage him to swallow.

As with any medication delivery method, you should be aware of the potential complications. While feed top dressing of powers is a benign method, syringing does have some issues unique to syringing.

Horse Latitudes: With a Spoonful of Sugar or... Prepare for Battle? (cont.)

Written by Jeannine Roman

Aspiration of the medication into the lungs can occur if your horse has a problem swallowing or if the horse's head is held too high while the medication is being placed at the back of the throat. It is important to always be attentive to your horse's head position.

Never give any oils by syringe as some oils, such as mineral and baby oil, can cause life threatening damage to the lungs if accidentally aspirated into the trachea (windpipe).

BALLING GUN

Very large tablets, also called boluses, can be administered by using a balling gun or pill gun. A balling gun has a long handle to position the cylinder of the gun into the pharynx (throat) before the bolus is discharged. Uncooperative horses will require a mouth speculum for the handle to access the pharynx and discharge the tablet.

Since most modern tablets can be ground into powers and administered by one of the methods above, the use of balling guns are difficult to recommend. They can cause significant trauma to the handler and horse if the horse throws its head around. It is not uncommon for damage in the pharynx to occur with movement by the horse or overly assertive pushing of the gun's plunger. Large tablets can get jammed in the back of a horse's throat.

My opinion is that balling guns are suitable for cattle, sheep, goats and pigs but not horses. If a balling gun absolutely has to be used, it should be administered only by a highly skilled person with a compelling reason not to use any alternative method to administer medication.

Administering oral medications can be extremely frustrating for both you and your horse. By trying some of the above suggestions and not forgetting what it is like to not feel so well, it is my hope that your experience will be as stress-free and successful as possible.

By the way, who holds the title as my Champion Worst Horse to Medicate? It was a tiny mini-horse whose dignity (and temper) was so offended by the syringe that I had a very large man pick her up and hold her while I used the syringe. Her name was Mary Poppins. Go figure.

I welcome you to email me with your comments regarding this article, suggestions for future interviews and articles or if you are just curious about something equestrian related you would like me to research.

Trail Rider Award Program
T. R. A. P.

It's TRAP! What is "TRAP" you ask?
TRAP is ETI's Trail Rider Award Program!

What does it do?
A heck of a lot more than it sounds!

If you have any questions about the TRAP Program, call TRAP Chairperson Carol Elliott, (760) 963-8209. All completed logs and CHECKS should be sent to Carol Elliott: 6990 Ord View Rd; Apple Valley Ca 92308. happy2appy@yahoo.com

All your TRAP dues of $6.00 are due in January.

ETI TRAP keeps computerized logs on how many hours members are riding and where.

In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage.

ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

When a Corral calls ETI TRAP and identifies a specific problem area, TRAP not only provides them with actual riding statistics of usage, but TRAP members are notified to increase usage and support in that particular area.

Documentation from 'trail logs' turned in by TRAP members are proof that trails are being used by equestrians.

ETI TRAP acknowledges hours in the saddle with shoulder patches and pins that can be attached almost anywhere.

Lest we offend the "cart" people, TRAP also counts those non-arena hours of driving time spent on the trails.

How much does all this cost? It's cheap!!! The fee to join TRAP is only $12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only $6.00.

You will start by receiving the TRAP main shoulder patch (about the size of a police patch), and your log sheets. As you hit the hour goals (100, 200, 500, etc.), additional patches will be sent to you. When you reach the higher levels, your hours will be acknowledged with pins instead of patches.

Why should the Show people get all the awards?

Written by Heidi Clausen coltstartingchallengeusa@gmail.com

STARTING THEM OFF RIGHT: COLT STARTING CHALLENGE EVENT EXPECTED TO DRAW A CROWD

Breaking a young horse to ride often is a weeklong process, but six horse trainers will accomplish that task in just a few hours using Natural horsemanship, as spectators watch at this year's Norco Colt Starting Challenge event.

Colt Starting Challenge USA will be showcased on 2 nights, Friday February 22st from 6pm to 9pm & Saturday February 22nd from 6pm to 10 pm at the George Ingalls Covered Arena in Norco CA. Tickets are $15 each night.

Cristy Beatty, who co-founded Colt Starting Challenge USA with her husband, Russell Beatty, said they're excited to bring the event for the fourth time to Norco. Six experienced horse trainers will work, starting in six round pens, as they compete to gentle, start, and ride six unbroke horses.

"It's exciting to watch them get started from halter-broke to being ridden all over the place and how they can get that accomplished so quickly," she said. "It's not the average performance. This is real-life stuff happening right in front of you. Sometimes, these guys get bucked off."

By day two of the competition, she said, trainers will be riding loosely together through the arena, then each trainer will have 12 minutes to ride their horse through an obstacle course. Judges will assign points to each trainer to determine the Winner, who will walk away with a commemorative buckle.

Beatty said her husband was inspired to launch Colt Starting Challenge USA about eight years ago after watching a friend participate in a similar event.
"He felt it was awesome to see and learned how to do it," she said. "We decided to make it our business."

They put on about 25 of the popular events each year all over the U.S., mainly at Horse Expos but also at their own hosted events. Horses are brought in from surrounding communities and must be between 2½ and 4 years of age that have been halter-broke but never have been saddled, bridled or ridden. Trainers, who must have already started 50 to 100 horses or more, are randomly matched with a colt and wear cordless microphones so they can explain what they're doing to crowds.

"It draws a huge audience because it's unique and interesting," Beatty said. "Performances are always different due to the individual styles of trainers, and horses are all different temperaments and breeds. It's never the same."

One thing all trainers have in common, she said, is their use of Natural Horsemanship methods. Contest rules prohibit the use of items such as spurs or leg restraints. The key, she said, is to build initial trust with the horse.

"Most of the time, they just ride them with a halter," she said. "Natura Horsemanship methods of horse training speeds up the process of gentling and riding a horse."

Beatty said spectators, no matter who they are or how much they know about horses, can learn a lot vfrom watching the training process unfold before their eyes.

For more information about the competition, and to see a great action video, visit www.coltstartingchallengeusa.com.

1. Andrew Fice's newly saddled horse leaps during ground work.
2. Brian is riding his horse over this tarp with only 3 hours of training.
3. Jose is teaching his horse forward motion by riding it along the rail.
4. Mary Rose ropes the barrel during the obstacle course.

The Saga of the Shadow Hills Donkey ~ November 2018

Written by

The female donkey that traveled loose thru the Wornom/ Mary Bell hills in Shadow Hills for over four weeks was captured by a group of neighbors late November 19 on Johanna. Simone Simonton driving home from work spotted the donkey entering Johanna Avenue from Shadow Hills Drive, dragging an approximately 20ft rope that she had previously been lassoed with. Simone gently drove behind the donkey trying not to scare her, but attempting to roll her front tire onto the rope in order to stop her. At the same time, another Shadow Hills neighbor, Arbi Vartanian, driving from the opposite direction, with like mind, attempted and successfully position his front tire on the rope, finally stopping the donkey.

In the meantime, Simone had been able contact Maureen O'Connor, who lived close to the location the donkey was captured. Maureen, with her golf cart which provided the additional link to keep the donkey from escaping, arrived with carrots, hay, ropes and halters. Fortunately, other neighbors also arrived and were able to assist. Jordan Lee haltered the donkey, her father John Lee, Simone, Maureen and Arbi worked in unison to get the jenny into a secured safe bedded pipe corral in Maureen yard. Maureen noticed that she was not the energetic donkey observed running free of the last few weeks and was concerned that she was eating poorly and had a depressed deminer.

When the donkey did not improve with the special care offered, an emergency veterinary visit was made over the Thanksgiving weekend. She presented with an irregular heartbeat, elevated temperature and was somewhat dehydrated. She was given a complete exam; given antibiotics, pain medication and treated by tubing to flush her system for stomach blockage. The rectal exam determined that the had an enlarged, hard and lumpy kidney. This could have been caused when she was hit by a car, as witnessed on Sunland Blvd, or it is possible she had eaten something poisonous to her system while wandering the hills. This could have been castor beans or oleander bushes, which are both very poisonous to equine.

On the evening of 11/24, the donkey laid down as if to sleep and passed away.

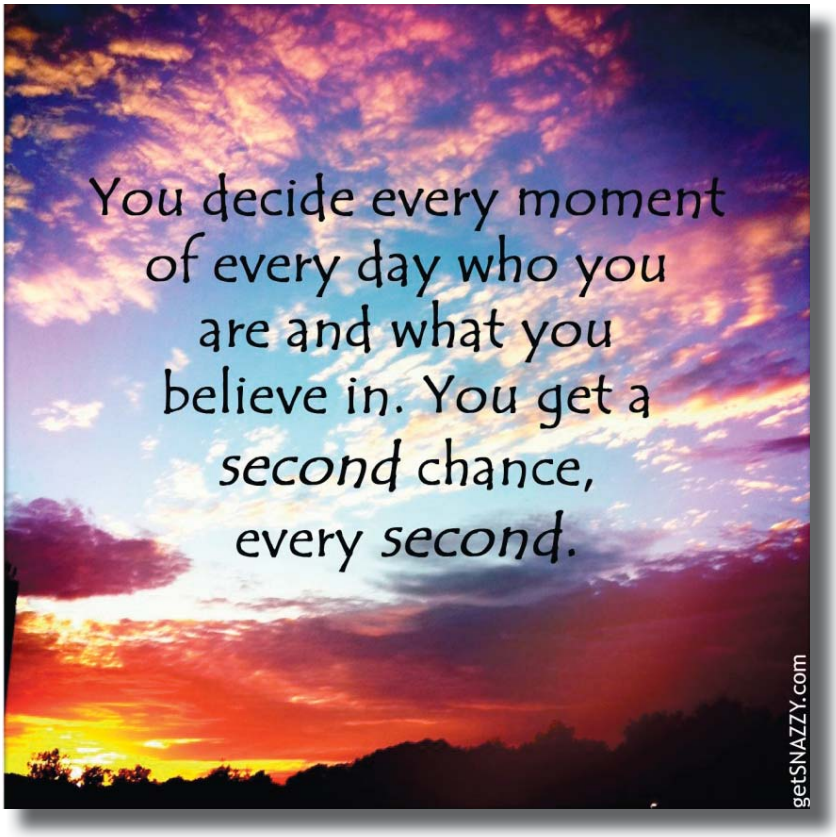
Arrangements were made with Dick Crow's pick-up service for the donkey. Maureen shaved the donkey's neck and recorded the freeze brand that had been placed by the BLM. (Bureau of Land Management). After reporting the death of the donkey to the BLM, research revealed that she was nine years old, that the BLM had put 40 days of ground work into her training,and she was halter broke before she was adopted on October 4, 2016. Her home was registered to an address in Temecula, which is over 100 miles from Shadow Hills. It is very sad that the people who adopted her were not able to take care of her and provide her the happy and safe life that she deserved. The donkey's circumstances are still under investigation by the BLM.

Over the 5 days that she stayed with Maureen who was trying rebuild her strength, the cost of care grew. The special feeds purchased, veterinarian care and the final removal of her from the property ran up cost to approximately $800.00.

ETI Corral 20 put out an appeal to help defray the cost that Maureen had incurred.
Due to the generous donations from the Shadows neighbors, Corral 20 and SHPOA, Corral 20 collected enough to cover the cost of care for the donkey.

Maureen sends her appreciation for the community's kind generosity.

Thank you,
Shadow Hills Neighbor



We all need encouragement and positive energy...especially these days. Each month, I'm going to send come positivity your way on this page. If you have a favorite saying, please share at magazine@etinational.com and I'll include the following month!!

Our February trail ride is planned for Saturday, February 9, at Chesebro in Old Agoura. We will stage at the community arena, be in the saddle at 10:00, ride a couple of hours, then get consensus to either eat lunch at the rigs or drive a short distance to have lunch at a local restaurant. The staging area isn't very large, so PLEASE horse-pool if you can. Directions to the staging area from the San Fernando Valley: Take Ventura Fwy 101 west/north, exit Chesebro, turn right at end of ramp onto Palo Comado Canyon Road and drive to 4-way stop. Turn right onto Chesebro Road. You might be able to see the large arena on your left. Turn left into the 2nd dirt driveway on your left (so rigs face the same direction in the staging area).

Tuesday, February 12, will be Corral 12's Pizza Pig-out at 7:00pm PROBABLY at Shakey's restaurant at 13701 Foothill Blvd. in Sylmar. (Call Jeanne to confirm location as it may change.) We usually have a short business meeting, but mostly we eat and visit with our friends. Some of us will use this opportunity to renew our ETI memberships (this scribe already did … yay!).

Our March trail ride will be on Saturday, March 9. The location is TBD.

We were going to ride Vasquez Rocks on Saturday, April 13, but … even better … Corral 138 is putting on a trail trial same location, same date, so GO FOR IT!

Not Corral 12, but the City of Santa Clarita's Cowboy Festival runs April 13 and 14 at Hart Park in Newhall. Admission is free!

Of course, circumstances may cause cancellation or reschedule of events, so be sure you RSVP so we can notify you of changes.

Details will be provided in upcoming Corral 12 newsletters, or you can call this scribe at (661) 259-7608 for more info.

Happy New Year to all our equine friends and neighbors. ETI Corral 20 "Roughriders" are looking forward to another prosperous year and hope to encourage more of our neighbors to join the fun. Though our prior executive board has moved on to higher positions, we thank Becky Borquez and Nikki Ahten for their continual guidance and wish them luck in their new positions that will be covering a larger area. We will still be benefiting from their expertise as they mentor the new leadership team in continuing our dedication to fostering the youth program and maintaining our equine lifestyle.

In 2018, we lost a memorable community member who

dedicated his time and efforts to many trails in the area. To honor his achievements, we have started the Terry Kaiser Memorial Trail Trial which will be an annual event in the fall. We are very pleased that our initial start of the tradition was attended by 71 riders, and we hope to have even more this year. In addition, Corral 20 will continue to set dates for trail cleanup and maintenance throughout the year to keep our trails safe and clean.

To start the year out we have the following events that the community are welcome to join:

Saturday, February 16 - Bert Bonnett B-Day Memorial Ride/Luncheon at Hansen Dam; Ride Starts at 9:45am; Lunch is scheduled between 12-12:30; Angeles National Golf Course. Please RSVP for Ride/Lunch with Nikki Ahten (818) 489-6527. Lunch will still be reserved in the event of rain cancelling the ride

Saturday, March 16 - St.Paddy's Day Ride at Griffith Park; RSVP with Becky Borquez (818) 262-7764; Put on your green, and come join us.

Saturday, April 27 - Trail Cleanup / Maintenance; Please contact Deb Mader (818) 653-7628, for location; Bring your trash bags, gloves and water and help us keep the trails clean

We look forward to seeing more of our neighbors and friends out on the trail and in the community.

Thank you

Cheri Ovayan

www.Corral22.com

Tom and Kat Smart opened their home for our annual Christmas Party. We had a good turnout for the yummy potluck dinner and silent auction and lots of fun.

Our 50th Anniversary Christmas ride brought about 30 riders out to join us through the hills at Griffith Park...many decked out in Christmas costumes. It was another gorgeous southern California day to enjoy a four hour ride and a lunch stop where the horses could munch on some grass in the shade of the trees.

Corral 22 hosted their 10th Annual Doc Larson/Bert Bonnett Chili Ride at Hansen Dam on January 27. We had 26 riders turn out for a beautiful 2½ ride followed by lunch of chili and corn bread at Ranger Park. Doc's daughter, Linda, brought out pictures of her dad and Bert to share with us. It was a nice walk down memory lane and stories were told of all the work they did over the years on our trails. Special thanks to Bill and Tina Pollard for the awesome chili, to Linda for sharing pictures and stories and to San Fernando Rangers for letting us use their facilities.

February 16: Cheri Blue Ride, Paramount Ranch

March 9-10: Mulligan Stew Ride, Mojave Narrows
March 23: Day at the Races, Santa Anita Park

Pres. Susan Carr
(310) 403-9665

February 5th - Tuesday – 6:30 pm
Corral 36 Horse Club Meeting – Everyone Welcome!
Please Email Corral 36 President Susan Carr for location of our February meeting: susan@elsainc.org

We wish that you won't be shy about writing and making observations to our Directors - and we welcome that. Let us know what activities you would like us to create for you this new year. We want you to know that your 2019 Board of Directors is determined to work hard to continue our events and traditions.

A truly successful organization must become financially successful. This means that we won't be shy about asking for help from you as well. We implore you to become more active as Corral members.

A current major concern for Equestrian Trails, Inc., is what the City of Calabasas has on their plate – a request by the New Home Company development and their current proposed West Village Project. This project at the eastern terminus of Agoura Road at Las Virgenes Road by the 101 Freeway is located on 77 acres of current Open Space. Wild animals live here. The multitude of interconnecting and multi-use trails that run within the City of Calabasas do not have dedicated parking areas for horse trailers or for any other trail users.

Parking is our concern. The Planning Commissioners may think it only takes minutes to ride or hike the multitude of interconnecting and multi-use trails that run through the City of Calabasas. However, the pace of a hiker is about the same as a horse, and as we meander along, we all do like to take in the beauty and quiet of these trails. We enjoy listening to the breezes blow through the various grasses, the different sounds made by wind in the brush and trees along our course. . . to enjoy the multitude of birds and their voices.

To ride or walk at an appropriate pace viewing nature is a gift that should be granted to all of us. Most folks are not avid hikers, challenged to set an intense course to complete in a certain amount of time. We want to perhaps, stop to study a Mariposa Lily, or a field of California poppies, and Oak Tree or a Sycamore by a little creek of shallow water.

Because we are slower participants in the enjoyment of a walk or ride, our destination is not necessarily to reach the next portion of a connecting trail, but to enjoy our natural surroundings. For that slow pace, we need to have a Trail Head with adequate parking for hikers and bikers, and for the larger vehicles pulling horse trailers.

A Trail Head in the West Village Project is a critical piece in this puzzle of development. Within the city limits of Calabasas, there are no dedicated parking areas at trail heads. You have a dedicated portion of the Juan Bautista de Anza National Historic Trail. At either end of this national historic trail, there is no dedicated parking area at the western terminus and is totally lacking in adequate space for horse trailers at the eastern terminus. The Upper Las Virgenes Canyon Open Space Preserve has no dedicated parking for any trail users at the trail access point at the north end of Las Virgenes Road. The Don Wallace Connecter Trail dedicated by members of your City Council has no dedicated parking areas for equestrian use. In fact, at the entrances, hikers and other trail users must use the limited Agoura Road, or steal space at the Starbucks/Albertsons parking lot. There is no SAFE place for horse trailers.

Five miles down Las Virgenes Road is the first real public parking area for horse trailers. That's just fine if you want to explore that area. But it is too far away if you want to SLOWLY explore the trails up by the 101 Freeway: the Juan Bautista de Anza National Historic Trail, the Upper Las Virgenes Canyon Open Space Preserve, or the newly minted Don Wallace Connecter Trail.

The vast number of trail users today need and deserve parking areas free from commercial and residential use. This development by New Home Company certainly has the land to accommodate a large enough parking area. And all trail users can certainly bring business to the commercial aspect of this development.

May you always ride a safe horse!

Friends of the Santa Monica Mountains....

The Measure A hearing has been postponed again! This time by the Los Angeles County Regional Parks and Open Space District due to a heavier than expected schedule on the 29th.

So, cancel January 29. It will now be heard by the Board of Supervisors (BOS) on ***Tuesday, February 5, 2019***.

The Las Virgenes Homeowners Federation members have been talking about the significance of this for more than a year! Please plan on attending if you want to see funding coming to the Santa Monica Mountains and to our cities. It is even more critical now with the horrific destructive impacts of the Woolsey fire on our parks and open spaces. We need funding -- and we need to be able to compete for competitive grant funding....

We will disseminate simplified info prior to the hearing -- the consultant's draft document is mammoth and Steering Committee recommendations are difficult to wade through. Here is the link to the manual from the Los Angeles County Regional Park and Open Space District : http://rposd.lacounty.gov/2018/12/03/draft-for-measure-a-grants-administration-manual-available/. This document will be recommended for approval by the Board of Supervisors, acting in their capacity as RPOSD's governing body, on February 5, 2019.

Join us February 5 at the Board of Supervisors' hearing room downtown L. A., Kenneth Hahn Hall of Administration, 500 W. Temple St., Room 381B, Los Angeles. 90012. The Hearing will start at 9:30am (we know -- awful traffic to get there); look for Agenda Item #_____ (not yet available).

The Trotters
For ETI Corral 36 Members & Friends!

EAT, DRINK, & HAVE FUN
Tuesday, February19!

Join Corral 36 members & friends for an informal gathering at Saddle Peak Restaurant Bar - 5:30 to 8:30pm; 419 Cold Canyon Rd., Monte Nido 91302. This is a no-host social event for ETI Corral 36. Feel free to spread the word.

What's your Story? Care to share with us? Short articles, events and photos are welcome to be printed in the Corral 36 Newsletter. Please contact the Editor, Stephanie@abronson.com.

Send us your Photos & News: Send them via email (photos should be in jpeg files if you can). If you have news to share; photos to share; something you need; or something to sell…Submissions for the ETI Corral 36 Newsletter must be received by the 15th of each month prior to the monthly issue date.

3215 NE Dunckley, Portland, OR.

Greetings from cold and damp Portland – where the chance of wildfire is pretty much ZERO.

Many of the houses in the neighborhood where I grew up were built in the early 1900's when horses and wagons were the primary transportation means. Not wanting to put hitching posts in front of houses in a "better" neighborhood, many homes have historic iron horse rings imbedded into the concrete curbs out front where reins would be tied through. Most of the rings remain in place as a nod to history, so Portlander's have been attaching toy horses to their rings for many years. Here's the Rooney family stallion front of my parent's house. And here are a bunch more: https://www.google.com/search?q=portland+horse+rings&hl=en&source=lnms&tbm=isch&sa=X&ved=0ahUKEwjs9beg58HfAhVkNH0KHdxYCE4Q_AUIDygC&biw=1366&bih=654

[Ed. Note: Please see the proper way to tie horse to ring with lead around horse's neck and threaded through the bridle before tying to ring.]

There shall be imbedded in the curb at the time of laying, a ring bolt for hitching horses, the ring to be not less than two and one-half (2 ½) inches inside diameter. The

bolts shall not be less than three-sixteenths (3-16) of an inch thick or three-fourths (3/4) of an inch in width, and the tip project into the curb at least four (4) inches, and shall have a lug on the lower end. Both the bolt and ring shall be brought as nearly flush with the top of the curb as practicable. There shall be one ring bold for each twenty-five (25) feet front.

Enjoy [looking at the website]!

Brian Rooney
Want to give us a hand?

THE HORSE CLUB of ETI Corral 36: We are gearing up for an exciting 2019 including several events, clinics, seminars, and rides but we need more volunteers to help plan the events. Please come to our February meeting to join in the fun!

~ BUCK BRANNAMAN CLINIC ~
Apr. 25-28, 2019
- Carmel Valley Trail & Saddle Club, 85 E Garzas Rd, Carmel Valley, CA 93924

Colt Class is always awesome! Great for Spectators/Auditors!

What better way to bring in the New Year than planning to ride with Buck in April? Yes, he's coming back to the beautiful Carmel Valley Trail and Saddle Club. And we've lowered the minimum deposit amount to $100 to make if more affordable for anyone who wants to sign up now to ensure a slot in the clinic.

COLT CLASS: (ALL DAY Thurs; 9:00-12:00 Fri-Sun)
Buck has his own riders start the colts. Some of the finest hands in the country! The colts get the best start possible. Owners not only observe everything that gets done with their colts but interact with "their rider" throughout the process and questions answered by Buck. Rare opportunity for auditors to witness youngsters getting their first rides. Education, not force and violence. Doesn't get any better than this!

HORSEMANSHIP CLASS: (Fri-Sun 1:30-4:30)
Under saddle class emphasizing classical and vaquero traditions. Guiding your horse becomes a dance of lightness, willingness and precision. All levels welcome.

Total cost for each class series $700. Pre-registration and non-refundable deposit required. Click here for details on signing up.

LOCATION: Carmel Valley Trail & Saddle Club - 85 E Garzas Rd, Carmel Valley, CA 93924 - Click here for directions.

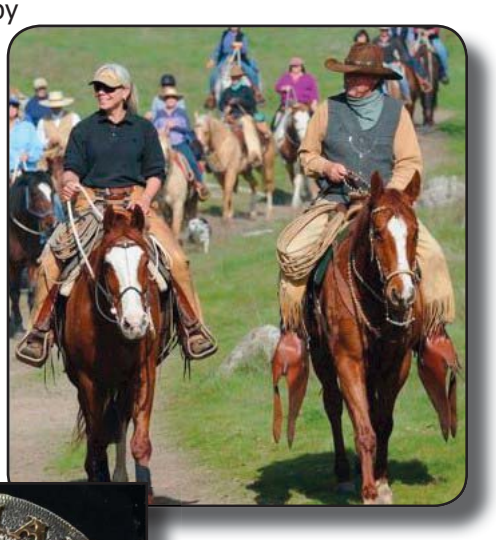
AUDITORS: $30/day. No Pre-registration. Pay at venue. Seating area: covered bleachers or bring your own chair. Sorry, NO DOGS allowed on property. Seniors 65 and over and children under 12, no charge.

CLINIC SPONSOR: Bonnie Stoehn bonnies@cruzio.com (831) 457-2224

Jody & Dave Ellis
at Crystal Hearts Farm
in Carmel Valley Feb 21st - 24th, 2019
only 8 spots; so mark yours

Dave and Jody will be conducting private lessons February 21 & 22 followed by

Parelli - Bridging to Cowboy Dressage for 2 days



Dave competed again at the World Gathering of Cowboy Dressage in the advanced event called TOP HAND. He advanced to the finals finishing 9th.

While there, he had an in-depth conversation with Cowboy Dressage founder Eitan Beth Halachmy. covering specifically the differences between cowboys and English riders as an occupation vs the similarities as an art form. You'll not want to miss this!

Dave has owned horses for over 65 years and has been at Pat Parelli's right hand for over 34 years. It's hard to find anyone that understands Pat & Linda's program more in depth.

<->

Jody Grimm continues to advance her Finesse skills by riding with World champion dressage riders and continually re-connecting and learning from Linda Parelli. Jody is one of Linda's very best Finesse Specialists and knows how to teach

it to us.

You cannot receive a more direct instruction, especially in utilizing Parelli skills for advancing.

More about Jody & Dave at LSRanchNaturally.com

Take advantage of this opportunity by contacting Vicki Amon-Higa at Vicki@Amon-Higa.net or (650) 714-2388

December 11 was our Christmas party at Ron and Jean Bredelis' ranch in Newberry Springs...again. They are not tired of us yet! This was about the 3rd year of hosting our Christmas party. We all enjoyed fantastic food, sang a couple Christmas carols, had a short program, then high point members were acknowledged: 1st place- Sheri Devouassoux, 2nd place-Beth Uzonyi, 3rd place-Nora Moran, 4th place-Jeanette Hayhurst, 5th place-Cindy Franey, and a tie for 6th place-Jean Bredelis and Diane Bubier. All of our active members received a 2019 calendar with pictures of most everyone from events in 2018. Everyone

seemed to love the calendars!

January 19 was our first event of the year which was a field trip. We went to Nicolette Grill's "Mojave Gold" goat cheese factory in Hinkley. I think the tour surpassed what we were expecting. It was awesome! She has a herd of almost 50 registered goats (5 different breeds), and there are very strict governmental guidelines for both her goats and her cheese making operation. She is inspected quite often and is only the second goat cheese operation in San Bernardino County. Several members bought some of her tasty cheese that day. Thank you, Nicolette, for a very interesting and informative tour!

February 3 we have another field trip planned to the Cal Poly Arabian horse show in Pomona. We are planning on attending the 2:00pm show if anyone wants to join us.

Where has the time gone? Wasn't I just addressing Christmas cards?!!

Our Corral enjoyed the holidays at Dana & David's gorgeous home with a delicious pot luck spread and tasty adult beverages. The gift exchange was a blast! A few corral members had their gifts stolen several times – all good fun! Also in December was the Parade of Tables and Heather Kaufman, Niki McBride & Dana Colin made our Corral 86

Table look exceptional!! Great job, ladies!!

We also have two new members…A big welcome to Shapour Daneshman and Jodi Robitaille.

Shapour rode extensively in Iran and the US, is a movie director (mostly documentaries) and is riding with several members and their horses. We really enjoy his company, and he's helping exercise our ponies!

Jodi was a member many years ago and just rejoined with her two new-to-her young mustangs! So far, she's been hitting the trails pretty regularly, and it's great to have her back with us! And, this brave gal decided she wanted to travel to Vietnam – alone and for a month! That took guts (like riding young horses!) Her travel stories are fascinating!

We have sad news….our former President and long-time ETI member (30 plus years!) is moving to Idaho. Trisha Hawker, and her larger than life husband Guy Hawker, sold their beautiful Acton home after 35 years and are moving to a beautiful ranch in Idaho. Trisha was and is someone I wish to emulate as she is the epitome of an all-around horse woman, proficient and caring ETI President, fun, practical, honest, enthusiastic, and did I mention fun? She will be missed by all, and we have several members with guest rooms earmarked for her to come visit and ride!

Our first ride (Griffith Park) was rained out, but we are looking forward to our rain date on the 26th to start the riding year! On February 9, we have our oh-so-much-fun destination ride to Carousel Ranch for coffee, donuts and shopping! The shopping benefits the Ranch and the riding program they have for developmentally disabled children. It's a win-win! Our first camp-out is at Silver Saddle Ranch in California City March 14-17, and I am so excited with all the different things to do at this resort!

We are offering a footwork clinic with Niki McBride on Saturday May 11, and I'll have more information on that. We need to make our horses think "where am I putting my feet?" I'd like my mare to think it won't kill her to put her feet in water!
Enough for now! Happy Trails To You!!

Howdy Members & Guests!

I would personally like to thank the many exhibitors, grooms, family & friends that showed and showed up throughout the 2018 show season. We, the Board of directors, are forever grateful for your support and commitment!

We are pleased to announce the 2019 show dates as follows:

February 24th HDHP
April 7th HDHP
June 30th HDHP (Double Point)
September 15th HDHP
October 13 LAEC (Double Judged)
Rain Date: Sept 29 HDHP

The Board of Directors have been meeting and planning for the new season here are a few announcements:

1. We will change the ring schedules as follows, English Ring: Over Fences followed by English Flat classes with the same judge. Western Ring: Western Showmanship, Halter and Riding all in the same ring followed by Trail with the same judge and run as classes in order from the premium! This will speed up the English portion of our program, and there will be no delays other than the normal 15 minute breaks and lunch break!

2. We added the following classes: Leadline Halter 9 & Under, Hunter Hack 2' 18 & Under & Hunter Hack 2' Open.

3. Three Minor Rule changes…we just cleaned up the rules making sure they make sense for all the exhibitors! Please be sure to download the 2019 version, and make sure you are familiar with Route 101 rules as they are written.

Also, we have been hard at work preparing and planning your 2018 awards banquet! Kim Estrada, Brittney Burzinsky and myself are your planning committee. Mark your calendars and plan on attending March 24, 2019, starting at 4:30pm at Knollwood Country Club, 12024 Balboa Blvd,

Granada Hills, CA 91344. Congratulations to all the winners from 2018. Hope to see you there! Please RSVP to Kim Estrada

We are currently accepting sponsors. See our sponsor page on the website www.route101horseshow.com for an application. We look forward to serving you! Please express your appreciation to each sponsor that has supported us already!

Sincerely,
Dawn Surprenant

Corral 103

Hesperia Happy Horsemen
Hesperia/Apple Valley
Pres. Dawn Walker
(760) 961-7879

I hope everyone had a great holiday season, and now we are already into the month of February. In January, we awarded the first winner in our ETI 103 Youth Incentive program. Nick Crawford met the requirements for 2018 and was awarded a halter with an engraved brass plate stating the 2018 Youth Incentive Program and his name and horse's name. We will be offering this program again for 2019. This is open to any ETI youth, regardless of the corral they belong to, who participates in the required number on ETI 103 rides during the year. ADD PIC

Our Januay President's Ride was pretty well attended with 19 in the saddle and more to eat and visit...103 members, riders from Corral 66 and some new faces. After cooking chili and brownies on Saturday, unfortunately my back went out the night before the ride, and Robin Arnold had to kick off the ride. I was really sorry to have missed the ride and meet with everyone. Cheryl Lewis lead the ride, and the weather was great. Sandy Briney and Jean Waits jumped in and helped with the lunch after the ride. I was told everyone enjoyed themselves. My thanks to everyone that helped out.

Our next ride is the DSJ Ranch Sweetheart Ride on February 16. The ride will be in the Mariannas in the hills east of Apple Valley. This is always a fun ride. An easy ride aprox. $2^{1/2}$ hours long. Sign ups at 9:00am and ride out at 10:00am. There is plenty of parking and tie areas for your horses, also a few corrals available. There will be a lunch after the ride. They always have great food. The cost for the ride is $10:00 for ETI members. Non-members will have an additional fee of $10.00 single and $20.00 for a family. There also will be a raffle, so bring some some extra cash. Contact Jean at (626) 536-8549 or Dawn at (760) 961-7879 to RSVP. I hope to see everyone there.

Coming March 17, we have our St. Patrick's Day Ride and Lunch. This will be at Pam and Phil Hills in Oak Hills. Pam says this will be rain or shine. If the weather is too bad to ride, we will still have the lunch and visit...Corn beef and cabbage is on the menu. Poker will also be available for those who want to participate. A flyer will be out soon.

Hope to see you on trail or at a meeting.

The news is so good, it bears repeating!

2019 Brings Exciting Changes
to our Corral 118 Horse Show Program!

Get set for the launching of our NEW HORSE SHOW FORMAT!

Separate Shows for: HUNTER/JUMPER & ENGLISH AND WESTERN & SPECIALTY! We welcome All Breeds!

*NEW LOCATION !
Conejo Creek Equestrian Park, T.O.
*NEW CLASSES !
Including OVER-FENCES CLASSES!And GAITED CLASSES!
*OTHER SPECIALTY CLASSES & DIVISIONS!

We are holding a total of (4) shows.
2019 Show Date Schedule
March 17 - Hunter/Jumper & English Show
April 14 - Western & Specialty Show
June 9 - Hunter/Jumper & English Double-Judge Show
August 11 - Western & Specialty Double-Judge Show
(Rain Date is August 25th.)

All shows will be held at the NEW location! Easy by freeway, the Conejo Creek Equestrian Park in Thousand Oaks, CA.

A big THANK YOU goes out to Raquel Brusher of Corral 37! She graciously spent time on a Saturday to show this author, our President and our Membership Chair around this (51) acre slice of equestrian event happiness! We appreciate the tour, the access to amenities and equipment, but especially the warm welcome.

Corral 118 horse shows are still our own SVAC circuit, with multiple Year-End Class and Division Championships and Reserve Championships offered to our members. We also have many Day-End Awards at each show for all the winners, even those who are not members of E.T.I.

Our shows are also qualified for the performance programs

of numerous breed registries. This enables those exhibitors who participate in breed specific events to still accrue points and awards when they show with us.

(Note: ETI National may not be offering the High Point Program for 2019. TBD)

There are many more reasons to show with Corral 118! Come on out and give our new format a try. We know you'll be glad you did!

SPONSORS
We want you. Your sponsorship dollars are vital to our programs. Donate early - like now! – and get the most exposure for your business or company at our shows and on our website. Individuals and families can sponsor too, and we love to have local and community groups get on board.

VOLUNTEERS NEEDED
We want you too, always! Great for Scouts, 4H'ers, community service groups, etc.

Check our website at www.eti118.org for more details and information. Our new Premiums, Entry Forms, and Horse Show Rules will be posted and available for download in the near future.

Happiness on horseback starts on the ground. From there, strive to do things right and everything else is looking up. Always put your horse first, and he will last. Good riding 'til next time.

Saturday, January 26, we held a chilly chili ride in Rosamond at Diane Garton's. It was neither chilly or windy which is rare in Rosamond. 20 riders came out to enjoy the beautiful day; some from Bakersfield and Barstow. We rode past a very smelly chicken farm, a pumpkin patch and tortoises. Dozens and dozens of desert tortoises. I think some had

tried to escape as there were numerous holes in the dirt where we observed them.

Wednesday, February 13, we are holding our next meeting at The Pizza Place in Acton. Our Sweetheart ride will be the following Saturday from the Sergeant Steve Owen Memorial Arena on Barrel Springs Road in Palmdale. Contact Mary Charnaw (661) 305-9969.

Corral 138 hasn't done a Trail Trial in the last couple of years, but we've decided to put another one on. It will be at Vasquez Rocks this time, Saturday, April 13, a week before Easter. We're giving trophy buckles to first place, ribbons to tenth, and we'll have a raffle and poker. If you'd like a flyer, please email me at Jdwight@aol.com.

I have a chair outside of my horse's stall that I use often to sit with Ted when he is eating his morning or evening meal. I was taught to do that by Pat Parelli as this is one of the first steps to developing a relationship with your horse.

When first seated, you always let the horse touch, sniff, nuzzle (lightly chew on) you first. When he or she is done, it's your turn (but don't chew too hard). If they blow their nose, you make the same sound. It's kind of like a horse playing Marco Polo and you're playing too. He or she will get very interested in you, and you will earn your place in the herd. This is very gratifying to both you and your horse. Many a day when my job handed me unthinkable horrors, I would take my chair, a couple of beers, feed Ted dinner and share a beer with him.

Yes, they love the stuff.

Soon the day's problems were put in their proper place, as Ted would always share his horse wisdom. Sometimes I just do it to do it, other times because Susan calls to my attention that Ted is feeling down. There is never a bad side to this for either of you.

Just like sitting in the stall, listening to all the members and board members sharing with me concerns, direction, problems and solutions is downright exciting. And I don't get chewed on once! At the first member & board meeting, new & old topics came up. One new board-appointed position was voted on and now we have two Persons at Large (a coveted position I held for years).

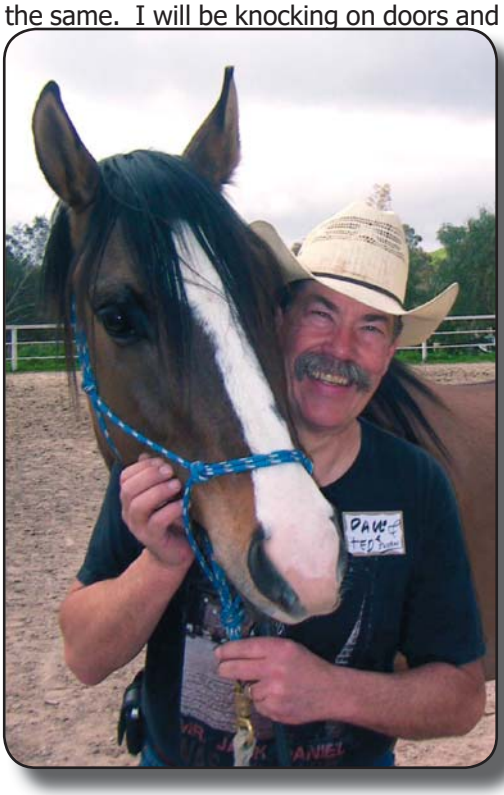
Each board member had great input to the direction of the club. We are touching all facets of the horse community; not only ours, but others around us. It's out of the stall and on the road for us! Romping out of the stall first was Social Media Coordinator Susan Piazza, helping us expand our electronic media image and, working with Webmaster Rich Gomez, to add a new dimension of exposure to the public. Stay tuned on your phone, computer, ear buds and whatever those other things are called.

Debbie Kelly is bringing back Animal Communicator Terri Steuben to our February 7th members' meeting. Yes, a real medium that can tell YOU what's on your HORSE'S mind. Terri always surprises us with readings right from the meeting! Terri reads all animals, not just ponies, and her experiences are wonderful to hear about. Don't Miss this! Bring Friends (Human Please)!

Our new mail box is up at the O'Neil park arena on the kiosk. Whenever you're in the park, sign in at either this one or the other mail box past the rangers' office at the start of the Paw Foot trail. It's important to show the rangers, Orange county Park System & other government officials that ETI 357 is using the park. Walking alone, walking your alpacas, riding your horse, or walking your chicken (I have seen chicken leashes), please sign in and out at either one. You're automatically entered into our POP (Patronize Our Park) contest…Very cool year-end prize.

Touching Out Side our Canyon: We will have a real, yes, there still are, posse at the park on February 8th to help us finish putting up shelter covers for the stalls and even some new stalls. This may go into the 9th…we'll see. Please come by and help! This will be an all-day thing, but please let me know if you're thinking of coming. Text me at (949) 533-7153.

Word reached Ted (and he is peeved) that trails are closing and now the Saddle Club is saying "No" to horse boarding there. The trails are disappearing right out from under our hooves! You can see his reaction to this. I can't do that, but mine is the same. I will be knocking on doors and asking questions. Other board members have voiced concern, as well.



Maybe some county government officials need to get the word, right from the horses' mouth! Well, OK…I think I can get Ted in an elevator. Anyone see the unicorn commercials?

Ride On!
Dave Seroski
President

I am excited to announce that Animal Communicator and two time author Terri Steuben is offering a mini clinic in Trabuco Canyon (and close by) on Thursday, February 21, 2019. She will also be our guest speaker on February 7. Terri has a unique gift when it comes to communication with animals. She has spoken with mine and even helped my Shi Tzu Gigi after she was injured when run over in 2015 by using Reiki therapy as part of her healing. Terri has responded to a multitude of disasters; invited by agencies, veterinarians, and response groups such as the Humane Society of the United States. Most notably was responding to Hurricane Katrina which her book "Tails of Triumph" highlights. Her work with animals is showcased on her website listed below. Terri is offering a special price for ETI. Her usual home fee for one hour is $240.00. For this clinic, the price is $115.00 for thirty minutes. Hour sessions are certainly available. If you prefer, a twenty minute session is $75.00.

It has been over two years since Terri has been here and

done a clinic. You don't want to miss this opportunity to talk with your horse, dog, cat, goat, pig or any other critter in your family. Terri gives them a voice, and you would be surprised to know what they are thinking. She is a Master Reiki and an empath and can identify pain and underlying health issues.

Schedule your appointment directly with me. I will be coordinating this clinic. Hope to see you all at the February member's meeting.

Popcorn Wants to Meet You!
(and he wants you to bring carrots)

Hanaeleh
Open House and Work Day

Saturday, February 2, 2019
Work Day Hours:
9am- 11:30am

Open House Hours:
11:30- 12:30pm
(tour begins approx. at 11:30am)

Hanaeleh is a non-profit, GFAS-verified horse rescue that has operated in Trabuco Canyon for the past 15 years. We rehabilitate abused, abandoned and neglected horses. Horses who are safe and sound are adopted out to new, loving families, and those horses who have more serious medical issues are given permanent sanctuary at Hanaeleh, where they can live out the rest of their lives in peace.

If you are interested in volunteering or attending an open house, please e-mail: volunteer@hanaeleh.org for more information.

Checklist For Membership Application Cards

Be sure to use the standard cards and not paper forms. If you need more cards please let us know.

Please Check Cards For Completeness And Legibility.

Oftentimes the information on the cards is hard to read. Membership fees are due on the member's anniversary date. Please notify members a month in advance of their anniversary date and send them a Membership Application card to complete and return to your Corral. If they renew late, 90 days or more, their anniversary date will change. Anyone who does not have current membership must pay single event fees at events.

Send cards in A.S.A.P. **Don't hold them**. For **Single** membership, list only the person applying for membership and no one else.

All ETI rides and events require that participants complete both sides of the ETI Waiver and Release.

Non members must complete a Single Event form and pay $10.00 for an individual for the day or weekend-camping membership. $5.00 of this is to be sent with the forms back to the ETI office. A family membership for the event is $20.00; $10.00 goes to the ETI office.

The Waivers/Release as well as Single Event forms need to be received at the ETI office within two weeks of event.

Basic membership amounts are Family $50; Senior $35; Junior $30.
At Large Memberships are Family $70; Senior $50; Junior $45.
Some Corrals charge additional amounts.
Please contact a Corral or send to ETI, P.O. Box 920668, Slymar, CA 91392

ETI National Programs

Horse Shows ETI has a National High Point Circuit. High Point Chair for 2019 is TBD. Until then, please contact the ETI office. Non-ETI members can participate in our ETI High Point Shows. But to be a part of the National High Point Circuit you must be an ETI member. You can sign up for the Circuit any time during the season, but must compete a specified number of times in your chosen classes to win awards. Points towards year end awards start accumulating on the date you sign up with the high point program.

The **Junior Ambassador Program** is open to all ETI youth age 7 to 21. Boys are welcome for the Prince and King category. Applications for the program may be obtained by contacting Michelle Roth-Daniels at (818) 268-2269 michellerothdaniels@gmail.com. The completed forms are due back in the office in April 2nd with all fees, sponsors, autobiography and pictures. This is a great way for our youth to represent their Corral and ETI. Participants volunteer their time at several mandatory events as well as many horse shows; trail trials, parades, trail dedications, quarterly dinner meetings and fun events just for the Junior Ambassador Court such as the retreat! Contact Michelle or any of the girls who have participated for more info on the fun activities.

Trail Rider Award Program (TRAP) keeps computerized logs on how many hours members are riding. In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage. ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

ETI TRAP acknowledges hours in the saddle with shoulder patches & pins that can be attached almost anywhere. The fee to join TRAP is only $12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only $6.00. You will start by receiving the TRAP main shoulder patch and your log sheets. As you achieve the hour goals additional patches will be sent to you. Carol Elliott is the TRAP chair. Please contact (760) 963-8209 or happy2appy@yahoo.com.

Trail Trials: An ETI Sanctioned Trail Trial consists of a trail ride, usually averaging between two and three hours, with trail obstacles along the way. Obstacles are natural, or simulate naturally occurring conditions for the horse and rider to negotiate. We now have a DVD from a clinic demonstrating obstacles and tips to compete or put on a Trail Trial. It is important to remember that the people doing the judging at sanctioned Trail Trial event are volunteers following the rulebook and are doing thwe best they can. Safety, control, and common sense are the number one priorities for all ETI sanctioned Trail Trials. Trail Trials are open to ETI members and Non-members. There are three divisions: Juniors for youth 14 years (as of Jan. 1st) and under; Novice and Open. Please contact the ETI office at (818) 698-6200 office@etinational.com.
