A Message from Tom Kirsch ETI National President

Hello to all.

We held our ETI National Board meeting via phone conference this month. We are doing good financially, and the insurance payments from the corrals are almost complete. It is so nice that last couple year's we have been able to pay our insurance in full and not have to pay interest to the insurance company.

The Convention plans are moving right along. We are still looking for volunteers to work the Convention. I'm hoping that the membership comes out to support our show. It's a shame that not all our show corrals are supporting our show. This is a major fundraiser for ETI, and to keep our organization strong, we need the support from everyone. The magazine has all the information in regards to Convention as well the information from all the corrals involving their events that they are putting on. Hopefully the membership will support the corral events, also.

It looks like we are going to have a hot summer, so we need to pay extra attention to all our animals. We also need to watch out for ourselves also. Heat related problems can be a very bad thing.

Stay safe and look out for each other.

Tom

In Search Of...

With the passing of Lynn Brown, Equestrian Trails, Inc., is reaching out to our membership for a new National Trail Coordinator. We understand, and do not expect, one person to be able to step in and immediately fill Lynn's shoes. She learned from her predecessor, Darrell Readmond. Lynn protected and enhanced our equestrian community for many years. We need an ETI Member to step up and fill the position. This is not a position that you will have to learn alone. Our National Board will support and provide information to fill this position. We do have some of Lynn's files that will provide background to many ongoing issues. It is now more than ever, imperative that we don't lose our equestrian voice.

There is room to grow to make this your position. We work on city, county and state issues that affect all equestrians.

Below are the published duties of the National Trail Coordinator as documented in our ETI's By-laws.

ARTICLE XVII – DUTIES OF APPOINTED POSITIONS Section A: The National Trail Coordinator

1. *Shall serve as ETI representative and liaison at national, state, county, regional or local meetings regarding the acquisition and preservation of safe trails, including multiuse trails where safe. His/her mandate is to represent ETI's position to assure continued access of trails and open areas and to ensure that governing bodies encourage horse keeping.*

2. *May, upon approval of the President, call meetings of the Corral and ETI Area Trail Coordinators, and shall preside at such meetings.*

3. *Shall attend Board meetings and be a voting member of the Board.*

4. *Shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or the By-Laws.*

If you are interested in filling this much needed position, please email us at office@etinational.com. Please consider being a part of keeping our equestrian life intact.

Mounted Assistance Unit (MAU) Program Update

The Mounted Assistant Units (MAU) had a certification and five members from Bonelli passed without any difficulties. Two of the evaluators from Whitttier Narrows MAU (Joe Urebies and Jerri Hardcastle) came to assist with the testing.

The MAU co-sponsored an event with California State Horsemen's Association (CSHA). Everyone had a wonderful time. We had a bear theme and the local bear did not disappoint, making an early evening visit. Enjoy the pictures.

The LA County Trails app has been very useful…trails.lacounty.gov

A Visit To The Oak Creek Wild Horses

Written by Carol McIntyre, Corral 83

Diana Palmer opens the gate and six of us travel in two pick-ups down a 5 mile dirt road. Each pick-up has two bales of alfalfa in the back which is our "ticket" to visit the herd. The alfalfa also serves as "chum" to bring the herd in close for us to commune with. Along with the older women horse owners among us, is a ten year old horse-crazy girl who is the granddaughter of one. It turns out she will steal the show at this visit and we are all smiles as we watch her bond to one of the foals and remember our horse passion at that age.

As we get close, we look over to the south and see the herd scattered over the landscape, but they have already seen us and have started moving towards our destination in anticipation of the alfalfa that they know they will be shortly munching on. Diana is up and down this road continuously to get to her nearby house, but they will ignore her truck unless she has others following her. They have learned that, when trucks are following her, food is on the way.

Per Diana's instructions, we move slowly into the meadow. Someone in the bed of each truck has already started cutting through the baling twine and tossing the flakes out to the horses eagerly following. After throwing out all of the hay, we park and get out of our trucks to watch as they eagerly start in on the alfalfa. Those higher in the pecking order start first and those lowest will usually hang on the fringes waiting for an opportunity to take their turn. Needless to say, one of us will pick up a flake or two to take to these omegas. As the food gets eaten down, the competition becomes more intense and band stallions and alpha mares will get more aggressive about keeping what's left. There are currently six family band stallions who have all been named by Diana or friends: Dante, Tip, Admiral, Chase, Bruce and Luca. Would-be adopters are always interested in the potential foal's sire, as each stallion has their own personality.

Diana Palmer is the steward of this land which the majority of it is owned by a local cement company, and has taken on the oversight of this wild herd.

A Visit To The Oak Creek Wild Horses (cont.)

Written by Carol McIntyre, Corral 83

As this is private, not Bureau of Land Management land, these horses are not managed by the BLM. It is believed that they are descended from Morgans as Kern County was home to several Morgan Horse breeders in the early 1900's and their coloring, conformation and temperament are consistent with the Morgan breed. They range from 14 to 14.3 hands tall and they are black or dark black/brown in color; some have white socks or stockings, and may have a white star on the forehead.

Over the cooler fall and winter months the bands migrate to a lower altitude and the separate bands can often be seen from Tehachapi-Willow Springs Road, however, as the weather warms up in the spring and summer, the bands will come together in the "meadow" which is higher and flatter and, in good years, has had excellent grazing. Unfortunately, the drought has resulted in much poorer grazing so the alfalfa brought by visitors and supplemented by Diana and donations is an important addition to their diet. Diana also provides water and salt blocks as the creeks, that used to provide ample water, are a trickle at best by summer. As you look at the shiny coats and filled out physiques of these horses, there is no doubt that the combination of wild grazing and domestic food contributions are providing them with what they need.

The foals we see before us appear to be at different stages of growth. Some are newbies, some are several months old, and several mares are close to foaling. If

you are interested in adopting, Diana advises not to get too attached to any one foal until you are ready to take it home when it is a minimum of four months old. Although they are in a situation that allows for close contact with people, they are still in the wild and vulnerable to mountain lions. The most vulnerable are the brand-new babies and last year one or more mountain lions took thirteen foals, which is a much higher count than Diana has known in previous years. Heartbreaking, but a normal part of life in the wild. The size of the herd varies according to adoptions and

A Visit To The Oak Creek Wild Horses (cont.)

mountain lion hits but currently stands at around 80+. Diana has helpers every year to do a count, which at one point was well over a hundred. Adoptions are the way the herd is kept at a sustainable level. Geldings are castrated every year before they start getting beaten up by the established band stallions and are usually adopted very quickly. The other reason for castrations is to ensure that colts with physical deficiencies or deformities do not pass these traits along to future generations. These geldings will stay at Oak Creek and usually hang with their own band of bachelors.

If you adopt one of these horses, you will get a horse who is sure-footed versatile and great on trail. They have excelled in endurance competition and trail trials and one is currently putting some high priced warmbloods to shame in the jumping ring. (See posts in Facebook "Friends of Oak Creek Horses".) They are thinking horses who know their job and will bond well with their owners. Farriers rave over their hard feet and they are easy keepers who will gain weight on just about anything you put in front of them. Max, my own Oak Creek, is now seven and has demonstrated that he is willing to travel down any trail I put him on. Hills, gullies and rocks do not phase him and he has learned to tolerate the activities of a busy neighborhood.

I am organizing another visit on July 23rd. If you are interested in visiting the herd, you may contact me at 661-972-2337 or Diana Palmer through Facebook Messenger. Also be sure to check out the website at OakCreekWildHorses.com and Facebook "Friends of Oak Creek Horses".

We all need encouragement and positive energy...especially these days. Each month, I'm going to send come positivity your way on this page. If you have a favorite saying, please share at magazine@etinational.com and I'll include the following month!!

Noodles And Obstacles And Horses, Oh My!

Written by Gabrielle Dagan-Winstead, Corral 10 President

At the request of a past participant for another noodle obstacle, Corral 10 added two more pool noodle obstacles, the Tummy Tickler and the Standard Posts, to their Obstacle Event, which took place on June 4 at the Mitchell Ranch. Approximately 25 horses were walked, ridden or both through 28 obstacles. The obstacles ranged from sensory items...floating plastics bags, water mister, pool noodles...to skill items...clover leaf barrels (new), rope gate, T-intersection...just to name a few. This year lunch was not included in the entry price but made available for purchase separately. Much gratitude goes to Cheri Ovayan of Corral 20 for handling the lunch service.

Lunch and conversation in the *Hei Pavilion* at the Mitchell Ranch

There is always the question of what obstacles to include. There was a green horse which encountered everything with ease and a seasoned, competing horse which could have done this in his sleep. A regular trail horse eyed the tarp tunnel suspiciously while an arena trained horse found the mail (not the mailbox) startling. I mustn't forget the horse who decided the cowboy curtain was the last straw and went home alone. No worries, the rider was safe, home was close by, and it was brought back to finish out the day and be reminded that such behavior is unacceptable.

In the past the event was billed as a desensitizing event. It morphed to include what may be in a trail trial event, a trail class or just skill related such as the wagon wheel spiral and hi-low ladder to practice pacing. Since this Corral is

home to several carriage drivers, carriage specific items were included to help drivers hone their skills. Unfortunately, no drivers attended this year. So next time do we attempt to serve the driving community? If only the magic 8 ball would let us know.

Lilly contemplates her comfort level with the tire drag.

What we do know is, people had a good time, some horses either were challenged or experienced something outside their typical day, and volunteers from Junior Ambassadors (Anne, Diana, Paulina), Corral 20 (Cheri, Deb), Whip'r Snappers (Doug Russell) and friends of the Mitchell Ranch made this a successful event.

IMPORTANT NOTICE

ETI Corral #14 at Bishop Mule Days 2022

by Dolly Kouri

Equestrian Trails Incorporated, Corral #14 Western Wagons, is a covered wagon group of teamsters who use horses, mules, and ponies, to participate in wagon trains all over the west. Several Corral #14 members have competed at Bishop Mule Days for many years, but this year, we had a few more drivers represent us. They demonstrated that their mules can pull covered wagons for miles at a time and they can compete in the show arena with the best.

We were off to a great start when Jim Porter, driving Merlin's Mysterious Molly (aka Mystery), placed second out of 12 entries in Super Reinsmanship Single. He also placed fourth in Pleasure Driving Single Working, fifth in Pleasure Driving Single Turnout, fifth in Fault and Out Single, seventh in Trail Driving Single, and first in Farm Class Single. The only class he could not compete in, because of his physical limitation, was Log Skidding Single. We think Jim might have been in contention for World Champion Driver Single if he had been able to enter the Log Skidding class.

Mark Mallory, of Bakersfield, bought Mac and Minnie, his 7 and 10 year-old team of mules, three years ago and showed them at Bishop for the first time last year. That year, Mark made a good showing and won several ribbons, and although he was grateful, he knew he could do better. He came to Bishop this year with a determination to win. Mark said, "This is their second trip to Bishop Mule Days with a big improvement from last year. This year, I really worked on developing the gaits needed to be competitive in the hitch classes. They are a really fun team to drive and they continue to improve in every event. I want to thank all of the other teamsters for their support, especially Andy Richard for loaning me a farm implement for the Farm Class. They are a great group of competitors that make Bishop Mule Days the best show."

Mark won the Hitch Class Turnout Pairs, was second in Hitch Class Working Pairs, second in Teamster Delivery Challenge Pairs, second in Teamster Barrel Hoops Pairs, third in Super Reinsmanship Pairs, third in Trail Driving Pairs, third in Log Skidding Pairs, and fifth in Farm Class Pairs. These classes had between 13 and 17 entries of tough seasoned competitors. When all the points were added up, Mark was declared the World Champion Teamster 2022.

Also returning for a second year was Macy Alcott. Macy, age 16, was able to compete in youth classes last year by driving Wendy Bailey's Skunk team. That was Macy's first year in competition and she won Reserve Youth World Champion. Since that time, the Alcott family purchased their own team of mules, Kit and Lilly, in December 2021, and have used them on a few of the Corral #14 wagon drives this Spring. Macy entered the youth classes this year with Kit and Lilly and had between 5 to 8 competitors in each of the five youth classes. With a little more experience under her belt, and with her family in the stands cheering her on, she won the Youth Hitch Class Reinsmanship Pairs and the Youth Farm Class Pairs, was second in Youth Hitch Class Working Pairs, third in Youth Teamster Delivery Challenge Pairs, and fifth in Youth Log Skidding Pairs. We were thrilled when Macy was declared the Reserve Youth World Champion again this year.

Macy's dad Wes also wanted to try his luck at competing, so he entered the family's team of mules in the hitch classes and won several ribbons. He placed fifth in Pairs Hitch Class Working, fifth place in Pairs Hitch Class Turnout, tenth place in Teamster Delivery Challenge, third place in Farm Class, and ninth place in Log Skidding. Not too shabby consider-

ing it was his first time in the show ring. Shannon and Wes Alcott both work full time and Macy is still in school, so they had limited time to work the mules and get them ready for mule days. Shannon said, "We just bought the hitch wagon and didn't get a chance to hook the mules to it until the day before the show. That was probably the most stressful part, but thanks to the help from other teamsters, we were able to get them hitched and comfortable on the wagon. They pulled it like they had done it a million times. Jim and Julie Porter were gracious enough to let us borrow a very cool early 1900s cultivator that Macy called "the death trap" - she was terrified to drive it in the farm class since you sit above the cultivator. She and the team did amazing and won that class! Overall, it was such an incredible experience for Macy and Wes. The community of teamsters that competes truly watches out for one another. While it's a competition, we are all wishing the best for everyone. It's as fun to compete as it is to watch our friends win! We couldn't have asked for a better team of mules, a better team of swampers, groomers, and haulers. It is definitely a team effort to get three truck loads of equipment and mules to Mule Days. We owe a huge amount of gratitude to Sue Alcott for helping us get wagons there, and

to be there to help hook up equipment - even after having back surgery just months ago. She stayed the whole week and is a constant and unwavering coach, cheerleader and help to our family."

Corral #14 held an 'Introduction to Driving' clinic on April 3, 2022 in Southern California, where we gave instructions on how to harness, ground drive, and hook to a wagon, followed by a delicious lunch cooked in dutch ovens. Among the 25 attendees, was 14 year-old Rachel Taylor. Rachel is in the process of training a young Thoroughbred mare to ride and she has ridden with our wagon trains several times but she has never driven a horse or mule. Wendy Bailey invited Rachel to drive the Skunk Team at the clinic and they fast became friends. Although Rachel was only able to practice driving with Wendy a few times, Rachel loved it and was inspired by Wendy.

Wendy helped make another young lady's dream come true this year when she encouraged Rachel to enter the youth classes at Bishop. Driving Sierra and Strider, the Skunk Team, Rachel won the Youth Hitch class Working Pairs, was second in Youth Hitch Class Reinsmanship, was fourth in Youth Teamster Delivery Challenge Pairs, and was sixth in Americana Pair. Rachel said she had an amazing time and she loved being able to work with Wendy and the Skunk Team. She said all the people were so nice and welcoming to her; it was like having a big family and she cannot wait to go back next year. This is what Rachel said when asked what it was like to compete, "It kinda feels like you're holding your breath. You get everything ready and then go to the gate. You look up at the stands and your heart kinda stops for a minute. Then it's your turn to go in the arena. Your whole body floods with excitement and you realize that you're in charge of an amazing team of mules and all the training comes into place, all the nerves leave, and you're just excited to get to have this experience."

Jim and Julie Porter have shown successfully at Bishop for years and they have won their fair share of Championships. They both work hard at promoting mules and helping drivers in need, so it is not surprising that they are also heavily involved in the youth program. This year, they shared their mules, skills, and talent, with Faith Kirby, 12 years-old, from the Kern River Valley, and Kaylee Becker, 15 years-old, from Bakersfield .

This was Faith's first year as a con-

testant in the youth single driver classes, under the Porter's tutelage, using Merlin's Mysterious Molly (aka Mystery). Faith was first in Youth Farm Class Single, first in Youth Fault and Out Driving Single, first in Timed Cones, third in Youth Pleasure Driving, fourth in Youth Pleasure Driving Reinsmanship, and fourth in Youth Log Skidding Single. We were elated when Faith was announced the Reserve Youth World Champion Singles Driver.

Kaylee Becker has been instructed by the Porter's for three years in the youth single driver classes. She drove Merlin's Moonbeam (aka Mooner) and placed 2nd in Reinsmanship, 2nd in Farm, 3rd in Log Skidding, 5th in Pleasure and 4th in Timed Cones. She also showed another mule in the gymkhana classes, dressage and pleasure classes. She was the Youth Gymkhana Champion.

The Porter's Jack, Shorty, placed well again this year in halter with a second, but missed the Championship this year.

Corral #14 member, Larry Jacobs, also gave a helping hand to a competitor. Larry has a nice team of black mules, Cindy and Susie, that match perfectly with Luke Messenger's black mule 4-up. Luke was in need of two more black mules so that he could put together a 6-up hitch for an exhibition. Larry loaned his team to Luke and they fit the bill. Luke was able to give a demonstration on driving a 6-up and he entered the Americana class with the perfectly matched teams.

Speaking of Larry Jacobs, his son, Jason Jacobs, entered the team roping with Zach Zamrzela. Out of 58 entries and three go-rounds, they were declared the World Champion Team Ropers again this year. This was a most remarkable achievement since Zach had moved away and they did not get much time to practice together.

Our Corral #14 outriders, Paul Villanueva and Grant Jackson, were also on the fairgrounds. They were not there to compete in the classes, but instead, they were part of the mounted security team.

At the end of an exhausting day, and their mules have been fed and bedded down, our members can be found gathered around camp to relax and reflect on their performances, good or bad. Several of our group are very talented and musically inclined, but somehow, they are never too tired to break out the musical instruments and do a sing-song.

We recognize the dedication it takes to keep their mules fit and healthy, and the many hours put into training and conditioning their mules to be ready for Bishop. Some of the classes start at 7 a.m. and run until 7 p.m. The days are long and the amount of pressure and stress level can be high when you compete at Bishop. we want to say, congratulations, we are so proud of you!

And just like that, it was over.

Trail Rider Award Program
T. R. A. P.
In its 33rd Year!

It's TRAP! What is "TRAP" you ask?
TRAP is ETI's Trail Rider Award Program!

What does it do?
A heck of a lot more than it sounds!

If you have any questions about the TRAP Program, call TRAP Chairperson Carol Elliott, (760) 963-8209. All completed logs and CHECKS should be sent to Carol Elliott: 6990 Ord View Rd; Apple Valley Ca 92308. happy2appy@yahoo.com

All your TRAP dues of $6.00 are due in January.

ETI TRAP keeps computerized logs on how many hours members are riding and where.

In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage.

ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

When a Corral calls ETI TRAP and identifies a specific problem area, TRAP not only provides them with actual riding statistics of usage, but TRAP members are notified to increase usage and support in that particular area.

Documentation from 'trail logs' turned in by TRAP members are proof that trails are being used by equestrians.

ETI TRAP acknowledges hours in the saddle with shoulder patches and pins that can be attached almost anywhere.

Lest we offend the "cart" people, TRAP also counts those non-arena hours of driving time spent on the trails.

How much does all this cost? It's cheap!!! The fee to join TRAP is only $12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only $6.00.

You will start by receiving the TRAP main shoulder patch (about the size of a police patch), and your log sheets. As you hit the hour goals (100, 200, 500, etc.), additional patches will be sent to you. When you reach the higher levels, your hours will be acknowledged with pins instead of patches.

Why should the Show people get all the awards?

In June, several members traveled to the Summer Festival Combined Driving Event (CDE) at Clay Station Horse Park in Wilton, CA. It was the first show for Winterfell (owner-MaryKay Davidson), driven and trained by Kate Aparicio who took 4th place in pony division, training level. Pam Miller Mitchell took a 2nd place in pony division, intermediate level and Intermediate Reserve Champion with her new Haflinger, Khaleesi. Former member Sarah Aparicio took a 1st place in pony division, intermediate level and Intermediate Champion driving SF Spice Girl.

Jeanne Mather is our camping aficionado, having camped in May at Rancho Oso with two horses and again in June with the 40 Something Cowgirls.

The 16th Annual Cheri Blue ride at Paramount Ranch was attended by 12 riders on a warm, clear day. Trail boss Paul Jacques started the ride on the Yearling trail through the Historic Reagan Ranch. We then rode down the Cage Creek trail and Crags Road to the water crossing. After the water crossing, we rode to the M.A.S.H. site where television series Butch Cassidy and the Sundance Kid and Planet of the Apes were filmed. After visiting the M.A.S.H. site, Paul took us to the Lookout trail where you could see the beautiful view of the Century Lake Dam. We looped around back to the Yearling trail back to the rigs. Unfortunately, Paramount Ranch was burned during the Woolsey fire in 2018. We used to take pictures through town after the ride. We pulled out our chairs and had lunch while we shared stories. A special thank you to Paul Jacques for leading the ride and to Ruth Gerson for "insisting" that the rangers remove the log to clear a safe path at the water crossing.

California State Parks' General Plan for Malibu Creek State Park includes guidelines to establish an equestrian camp facility at Reagan Ranch. The Ronald Reagan Equestrian Campground (RREC) will be a base camp from which equestrians can set off to enjoy the trails of the Santa Monica Mountains. At this time, there is NO state funding for this worthy project. Equestrian Trails Inc. is working raise the money to start the planning process and build the RREC.

In memory of Cheri Blue: Cheri took Mary Timmer and I to Malibu Creek State Park on one of our many day rides. Here's a pic of us in 2005 when we still used cameras. I set the camera on the ground and used the "timer" feature to take our pic. Cheers to you Cheri!

Well, the day finally arrived…June 18…and Corral 35 was ready and eager to get their Arena Obstacle Challenge under way. The Snack Stand was well

staffed under the control of Chef Becky Pike and her helpers Patti Peralez and Margie Henderson. These ladies also worked the registration table. The ground crew of Genny Gongwer and Dottie Hilliard was on high alert for obstacle replacements and gate tending. Marion Buehler and her daughter, Dr. Jessica Buehler, helped with set up and tear down duties. I am sure that I have left someone out of this review, and if so, I apologize.

Facing the obstacles in our arena, the members and friends of Corral 35 anxiously awaited their number to be called by the judges and event producers, Lisa Fosselman and Erin Cyr. As has been said, "It takes a village", so it was with this event. Many thanks to all who helped to make this event possible, and a special shout out to Lisa and Erin for all of their effort!

The riders were cheered on by the crowd in the bleachers, and much to my chagrin, I do not have a list of the winners here with me. All I know is that Sera and I gave it our best effort, and I lived to tell of it. I can honestly say that I think everyone had a good time and a lot of fun. Thank you to all who took the challenge, especially the two gals from Bakersfield! Hopefully we will see you all at another event here in Glendora in the future.

Coming up fast, like my horse, Sera, when she sees the grain bucket, is our next event! On Wednesday, July 9, starting at 5:00 at the Equestrian Park, we will present a program of Mounted Shooting by a member of a Mounted Posse. The program will be followed by a Corral 35 meeting and pizza dinner served by our Snack Stand. Hopefully, we will show a movie as we have in the past. Watch for an email notice with details.

Unfortunately, our June 23 Mojave Narrows ride was cancelled due to lack of participation.

Our next event is the Tack Cleaning and Tack Swap at the Bredelis Ranch on August 28, 2022. Bring those dirty saddles and tack to clean. If you have any tack you would like to swap, bring that, too! The event will start at 10am. A potluck and our monthly meeting will follow. Bring your favorite dish. Water and soda will be provided. The address is: 36911 Mountain View, Newberry Springs, CA 92365. Please contact Jamie Rees at (760) 953-7235 or Jean Bredelis at (760) 447-0385 for more information.

Corral 83, The Tehachapi Mountain riders, are surely blessed with some amazing trail crews. One community has its own dedicated trail crew that maintains the local trails in Bear Valley Springs.

Another community, Stallion Springs, has a group of volunteers who are aided by members of the community as well as volunteers from surrounding communities. This year, more trails in Stallion Springs have been reopened for use than any trails over the past decade. More about that later.

Our corral has enjoyed two very nice rides in Stallion Springs this June. And we hope to continue to enjoy more rides throughout the summer. We appreciate and would like to recognize the leaders of the trail crew and as many of the outstanding volunteers as we can possibly identify. More on that also after ride reports.

On June 2nd, Renee Baust took a group of riders on the Buckeye ride which included parts of four different trails. We gathered at Buckskin Park and rode the Mustang Wilderness trail to the Elk trail, to the Susan Wellington trail to the Comanche point trail back to the Mustang Wilderness trail. Most of the Buckeye trees in bloom are located along the Mustang Wilderness trail. In addition to the Buckeye trees in bloom, there is a vast array of late spring and early summer wildflowers in bloom as well. Riders enjoyed a trailer side lunch under the shade at Buckskin Park. There are tie rails and portable corrals located in the parking area.

Later in the month, on June 17, another ride we often take is around the golf course in Stallion Springs. For this ride, the riders staged near the local pizza parlor to enjoy lunch after the ride. This ride takes riders through the covered bridge to the Shoreline trail, to the Golf Course trail to the Comanche Point trail to the Saint Andrews trail to then skirting around the east side of the lake and back toward the staging area without going through the covered bridge. 11 Riders participated in this mostly flat loop ride that generally takes about an hour and ½ to two hours. Olivia Campos Schwartz provided most of the photos from this ride. Olivia often offers one of her Oak Creek Horses, to Corral 83 members who may not currently have a mount. Thank you, Olivia, for your generosity and great photos.

Corral 83 President, Carolyn, and Treasurer, Renee, went out to Stallion Springs a few days before the ride and worked on the trail. Photo credit Renee. Thank you for giving of your time to preserve the trails.

Since we are well into the high fire danger time of year, and most of our grasses have turned to tinder, extreme caution is to be observed while engaging in trail work. Often, crews will have workers who are carrying fire extinguishers and their sole duty is to be alert to respond immediately to any possibility of a fire sparking. The oat grass that grows in Stallion Springs area can be three to four feet tall depending on the amount of rain during the winter. Often the deer are observed standing in the tall oat, munching the grains on top, with only their antlers or tops of their heads exposed. An amazing site to see.

Steve Cook is a leader of the Stallion Springs trail maintenance crews. He and his crew of volunteers have done so much work revitalizing the trails for equestrians and hikers alike. Steve is the admin for Stallion Springs Trails and Trail Maintenance on Facebook. Readers and trail riders are welcomed to visit the page for more photos of the amazing work being done in Stallion Springs. This is a partial list of the many community members who have recently participated in trail work in Stallion Springs: Diane Buerge, Mark Stoner and son Mark Stoner, Chuck Stanton, Christian Jiminez, Pete Hayward, Dennis Foss, Roberta Cook, Morgan Cook, Jonathan Russel, Ben Dewell, David Blair, Jessica Jett Grizzle, and several folks that work at Woodward. The hours and selfless giving on the part of these many wonderful volunteers are very much appreciated. Some names of participants may have been inadvertently excluded from this list. I'll make sure to find you, wherever you are, and include you in next month's article. But to be sure, your hard work has not gone unnoticed. Thank You! To join in on this trail work, contact Steve Cook via the Facebook page. They meet the Second Saturday of each month from 8-10am, weather permitting. All are welcome.

Lastly, before closing here, Corral 83 members also enjoyed a visit to the local herd of wild horses, escorted by their caretaker, Diana Palmer. Since many Corral 83 (& other ETI corral) members have adopted, trained and trail ride Oak Creek wild horses. It's a treat to go back and visit the herd, see the 2022 foals, and enjoy a day in the wild. The drought has really taken a toll on the amount of grazing forage. Additionally with so little snow this year, the season creeks are non-existent, so supplementing both hay and water will continue through out the year. Visitors help when they bring hay during their visit. You can see amazing photos and learn more about this group of horses on their social media FB page-Friends of Oak Creek Horses.

Saturn is believed to be the oldest horse that lives in the mountains south of Tehachapi. Another much younger mare has begun to hang out with her, and she foaled a couple of days ago. Saturn has not foaled.

Depending on the weather and wildfire status, our July events include Corral 83 monthly meeting Tuesday evening, July 5, coffee, and dessert at Peggy Bergman-Smiths home in BVS. Then July 7, Renee Baust will lead a ride in Stallion Springs. If you wish to participate in this ride, please contact Renee at (661) 822-9404. Later in the month on July 21, Susan Mustaffa will lead a ride in Bear Valley Springs. Please contact Susan for more information re: trail matrix and duration of the ride. Susan (661) 538-0995. Rides may begin earlier in the morning and be shortened in length to avoid the heat of the day.

We had a small ride in June. Between the hot weather and the fuel prices and also the winds, our turn out was small. Coming up on July 9 we are planning a Moonlight Ride in North Apple Valley off of Choco Rd. Sign up at 6:30pm and ride out at 7:00pm. This should beat the heat. It's aprox. a two hour ride. For more info, contact Dawn Walker at (760) 961-7879 or delta3743@verizon.net. Contact Ray Sims at (760) 247-0313. Check out our Facebook page for the flyer and info. Plans for August are still being finalized. Hope to see you at a ride or at a meeting.

We had a warm ride from the Barrel Springs dedicated trail, Sergent Steve Owen Arena. Our Box lunch was fun and profitable. Discovered we have several vegans in the Corral who brought...interesting lunches. I prefer chocolate made with milk and butter. I could attempt to be a vegetarian if I didn't have to eat the vegetables.

We may postpone our ride to Inspiration Point since that's the weekend I'll be returning my granddaughter to NC. She's been riding with me every day! She even did the Corral 86 obstacle day when the umbrella fell on us (it was windy!) Neither horse moved a bit!

We are pretty much a trail riding Corral but have two members competing at Convention!

On July 24, Charlene McMullen (661/644-3371 will be leading the ride in Littlerock - Zig Zag has tunnels, hills and water!

RULES:

Equestrian Trails Inc (ETI) Horse Show Rules:

ETI Rules are patterned after USEF rules, however, ETI management and ETI High Point Rules will prevail. This is an open horse show, you do not have to be a member to ride in our classes. The ETI National Horse Show and Convention (NHS&C) is open to all breeds. Registered horses must be able to show registration papers in specific breed classes; otherwise, classes are open to non registered equines. All competitors must sign a waiver/release (if under 18 years of age, the release must be signed by a parent or guardian (not trainer)

It is the responsibility of the person wishing to compete at the entry fee rate of ETI member to make sure their membership is paid and current.

Protective Head Gear: All exhibitors riding in English, Hunter, Jumper and Hunt Seat Equitation classes must wear properly fitting protective head gear passing or surpassing current applicable ASTM (American Society for Testing and Materials)/SEI (Safety Equipment Institute) standards with harness secured while riding anywhere on the competition grounds. It is the responsibility of the rider, or the parent/guardian or trainer of the junior exhibitor to see to it that the head gear worn complies with the appropriate safety standards. Any rider violating this rule at any time must immediately be prohibited from further riding until such head gear is properly in place. All riders in classes where jumping is required and when jumping anywhere on the competition grounds must also wear approved protective head gear.

Entries: All entries, stall reservations, and RV reservations must be submitted no later than June 25, 2022 to avoid late fees. Stalls and RV reservations must include payment in full. Entries will be accepted by mail, email (with credit card payment), online at www.mjmshowservices.com. Completed entry form must be postmarked no later than June 25, 2022. On-line entry available at www.mjmshowservices.com

Returned Checks: Any person writing a check on an account with insufficient funds will be charged a returned check fee of $50.00.

Flat Fee: Up to 10 classes – 1 horse/any rider

Post Entries: Post entries will be accepted after June 25, 2022, with an additional fee of $25.00/horse.

Refunds: Entry refunds may be granted **providing a written veterinarian or physician certificate is received with refund request**. If proper documentation is provided, a refund may be granted on entries, less a $40.00 office fee. All refund requests, and necessary documentation must be submitted within 3 days of the completion of the show. Any requests and/or documentation received later than 3 days after the close of the show will not be considered. Refunds may be held until up to 30 days after the completion of the show at show management's discretion. No Refunds will be issued for "No Shows". No refunds on stalls.

Combined Classes: Show management reserves the right to combine and/or cancel classes, if there are fewer than three (3) entries in a given class. Anyone who has entered a cancelled class will be refunded their entry fee.

Bedding: Bedding is available on site at LAEC. Place all feed and bedding orders directly with LAEC Feed and Bedding. Bedding may be ordered online at www.langershows.com

Dogs: All dogs shall be on a leash at all times and shall be secured and not roaming free during the horseshow.

Stalls: Stalls will be assigned based on the order in which the **paid stall reservations are received**.
Stall fees must accompany stall reservation. Stalls will be assigned on a first come first served basis.

Ties: In the event of a tie for High Point Division Awards, ties will be broken by, A. the person showing in the least amount of classes, B. If both exhibitors showed in an equal number of classes, the winner will be determined by the person winning the most first places.

Protests: All protests must be made in writing by the end of the show, and a protest fee of $100.00 must accompany the protest. If the protest is found to be valid, the $100.00 fee will be refunded.

Entry Forms: All entries must be submitted on the forms provided by show management, or the show secretary.
All contestants must check out at show office or leave an open check for completion of entries.

Gate Calls: A thirty (30) second gate call will be enforced. Please make every effort to be at the gate when your class is called. Contestants needing extra time for tack changes, etc. must notify the show personnel prior to gate call. The gate will be closed after 30 seconds. Late arrivals will not be permitted to enter the class.

Youth 18 & Under Division: Rider must be 18 years of age or younger on January 1 of the current show year. Contestant age will be the age as of January 1, 2022, for the purpose of this show.

ETI Waivers are to be signed by all exhibitors, trainers and guest on LAEC Show grounds. NO Exceptions. Wristbands are provided verifying waivers signed and must be worn during the 4 day show period.

Checklist For Membership Application Cards

Be sure to use the standard cards and not paper forms. If you need more cards please let us know.

Please Check Cards For Completeness And Legibility.

Oftentimes the information on the cards is hard to read. Membership fees are due on the member's anniversary date. Please notify members a month in advance of their anniversary date and send them a Membership Application card to complete and return to your Corral. If they renew late, 90 days or more, their anniversary date will change. Anyone who does not have current membership must pay single event fees at events.

Send cards in A.S.A.P. **Don't hold them**. For **Single** membership, list only the person applying for membership and no one else.

All ETI rides and events require that participants complete both sides of the ETI Waiver and Release.

Non members must complete a Single Event form and pay $10.00 for an individual for the day or weekend-camping membership. $5.00 of this is to be sent with the forms back to the ETI office. A family membership for the event is $20.00; $10.00 goes to the ETI office.

The Waivers/Release as well as Single Event forms need to be received at the ETI office within two weeks of event.

Basic membership amounts are Family $50; Senior $35; Junior $30.
At Large Memberships are Family $70; Senior $50; Junior $45.
Some Corrals charge additional amounts.
Please contact a Corral or send to ETI, P.O. Box 920668, Slymar, CA 91392

ETI National Programs

Horse Shows ETI has a National High Point Circuit which is currently on hiatus. Until then, please contact the ETI office. Non-ETI members can participate in our ETI High Point Shows. But to be a part of the National High Point Circuit you must be an ETI member. You can sign up for the Circuit any time during the season, but must compete a specified number of times in your chosen classes to win awards. Points towards year end awards start accumulating on the date you sign up with the high point program.

The **Junior Ambassador Program** is open to all ETI youth age 7 to 21. Boys are welcome for the Prince and King category. Applications for the program may be obtained by contacting Cheri Ovayan at (818) 335-2884 covayan97@icloud.com. The completed forms are due back by April 2nd with all fees, sponsors, autobiography and pictures. This is a great way for our youth to represent their Corral and ETI. Participants volunteer their time at several mandatory events as well as many horse shows; trail trials, parades, trail dedications, quarterly dinner meetings and fun events just for the Junior Ambassador Court such as the retreat! Contact Michelle or any of the girls who have participated for more info on the fun activities.

Trail Rider Award Program (TRAP) keeps computerized logs on how many hours members are riding. In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage. ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

ETI TRAP acknowledges hours in the saddle with shoulder patches & pins that can be attached almost anywhere. The fee to join TRAP is only $12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only $6.00. You will start by receiving the TRAP main shoulder patch and your log sheets. As you achieve the hour goals additional patches will be sent to you. Carol Elliott is the TRAP chair. Please contact (760) 963-8209 or happy2appy@yahoo.com.

Trail Trials: An ETI Sanctioned Trail Trial consists of a trail ride, usually averaging between two and three hours, with trail obstacles along the way. Obstacles are natural, or simulate naturally occurring conditions for the horse and rider to negotiate. We now have a DVD from a clinic demonstrating obstacles and tips to compete or put on a Trail Trial. It is important to remember that the people doing the judging at sanctioned Trail Trial event are volunteers following the rulebook and are doing thwe best they can. Safety, control, and common sense are the number one priorities for all ETI sanctioned Trail Trials. Trail Trials are open to ETI members and Non-members. There are three divisions: Juniors for youth 14 years (as of Jan. 1st) and under; Novice and Open. Please contact the ETI office at (818) 698-6200 office@etinational.com.
