A Message from Tom Kirsch ETI National President

Hello to all.

We were unable to have our ETI National Board meeting for February due to not having a quorum. I can tell you that we are doing fine financially, and we were able to pay our insurance bill in full, saving us money by not having to make payments. The bill was a little over \$14,000 dollars. We will be billing the corrals shortly. We are working on keeping the insurance fees as low as possible.

The Presidents and Membership luncheon was well attended, and I think a lot of misunderstandings about insurance and other little problems were explained, and hopefully, we are all the same page. It was great to get input from the membership, and hopefully, we will continue during the year getting ideas for our organization. ETI is growing slowly again, and hopefully, the events being put on by the corrals will bring us more members. The equestrian community needs to stick together. Unfortunately, there are some groups who are against our way of life!! Those groups would have everyone locked up in a concrete jungle with no say so about life.

We will be putting on the Spring Ride this year. The ride will be held at Heart Bar camp grounds in Big Bear. All the information will be posted in the magazine. We are doing something different this year as the ride will only be four days this year. Hopefully, we will get more people to attend.

Be sure and read the magazine as the corrals are putting on some great events and need your support.

Be safe and look out for each other.

Tom

Rotation Deworming Schedule

<u>Time of Year</u>	<u>Compound</u>	<u>Brand Name</u>	
January/February	Pyrantel	Pyrantel	Durvet Pyrantel
March/April	Benzimidazole		
May/June	Ivermectin	Benzimidazole	Panacur Paste Anthelcide EQ
July/August	Pyrantel		
September/October	Benzimidazole	Ivermectin	Durvet Ivermectin Equimax Paste w/ Praziquantel Quest Gel (Moxidectin) Quest Plus Gel (Moxidectin w/ Praziquantel)
November/December	Ivermectin		

For best results, rotate between different active ingredients every 6-8 weeks.

Always consult your veterinarian before starting ANY parasite protection program

A Big Year Planned for Corral 37

Submitted by Sharyn Henry, Corral 37 President

ETI Corral 37 in Thousand Oaks has a big year planned.

In February, we hosted our year-end banquet to celebrate 2022.

Congratulations to our overall gymkhana winner and saddle recipient Lyndsey McGeorge. Our competitor with the most points over all the horse shows is Caitlyn Horne, and Nadja Klem earned the Sportsmanship Award for all her help throughout the year with the horse shows, the gymkhanas, and our Day of the Horse "Showdeo."

Lyndsey

Caitlyn

Our competitors earned silver belt buckles, custom saddle racks, personalized headstalls, breast collars, wither straps and saddle pads. Some even received personalized jackets! It was a fun event!

We start our gymkhana and show season in mid-April. Gymkhanas will be the third Saturday of each month April through October. Our ranch horse shows are April 23, June 11, September 10, and October 1.

This year our shows will all be focused on ranch riding. We're proud to be a part of West Coast Ranch Horse Association's approved shows. We're also excited to add a mule division, a short-stirrup division for the younger set and a 50+ silver amateur division.

Our corral is also thankful we can support ETI Corral 118 of Simi Valley. They're using our facilities as well as equipment to kick off the corral's debut and their event season.

For more information, check out our website www.eticorral37.org.

LUCK

"I'm a great believer in luck, and I find the harder I work the more I have of it."

- Thomas Jefferson

We all need encouragement and positive energy...especially these days. Each month, I'm going to send come positivity your way on this page. If you have a favorite saying, please share at magazine@etinational.com and I'll include the following month!!

Your Editor

The universe works in crazy ways.
Your good luck will come in waves,

and so does your bad,
so you have to take the good with the bad and press forward.

-DICK CUMMINS

Panza Llena, Corazon Contenta*

Submitted by Gabrielle Dagan-Winstead, Corral 10

Have you heard the saying that when it comes to mishaps and equines, it's not a matter of "if" but "when"? It's like that scene in Lethal Weapon 3 when Rene Russo and Mel Gibson start comparing scars and the story behind each one. You know it. Anyone associating with equines will have a story of a mishap, big or small, their fault or yours, foreseeable in hindsight or totally out of the blue.

So what can we do about it? Like a good safety officer or a good parent, we try to mitigate potential mishaps or create confidence in perceived dubious situations by attending an event like the Corral 10 Obstacle Event.

But mishaps come in many forms, and this event is not just about desensitizing. Granted, the water box is always a challenge for someone, but there is plenty to hone the skill for hoof placement, bending and balancing.

But the best part? Hmm...that would be the stories. And where better to tell the stories than around the dining table...the tables above the dust of the arena with a view of the hills and across the wash. After a morning of play, it's good to relax with some good food, good company and recount how the morning went or that which we find in common.

This year, only through the help of the Junior Ambassadors, we were able to bring back brunch on the patio (included in the price of admission). With this portion of our event in their hands under the help and guidance of their tireless leader, Cheri

Brunch on the patio and stories around the table.

Service with a smile.

Panza Llena, Corazon Contenta* (cont.)

Submitted by Gabrielle Dagan-Winstead, Corral 10

Ovayan, we had enough personnel to cover the arenas and provide the brunch aspect of this event that makes it so enjoyable.

Seasoned horsewoman and new Corral 10 member, Lori Weiss, turned the donations from Pam Miller's pantry into hunger satisfying stratas and frittatas. Robin Mitchell aided the salad side, Cheri O. whipped together a variety of delectable muffins, while the Juniors made mini-donuts and handled the set-up, serving, cleaning and break down. Kudos to the Juniors' mothers who were here for support and directed portions of the cleanup.

A treat for early entries and a door prize won by Ariel Westburg, rounded out the event

*Full stomach, happy heart

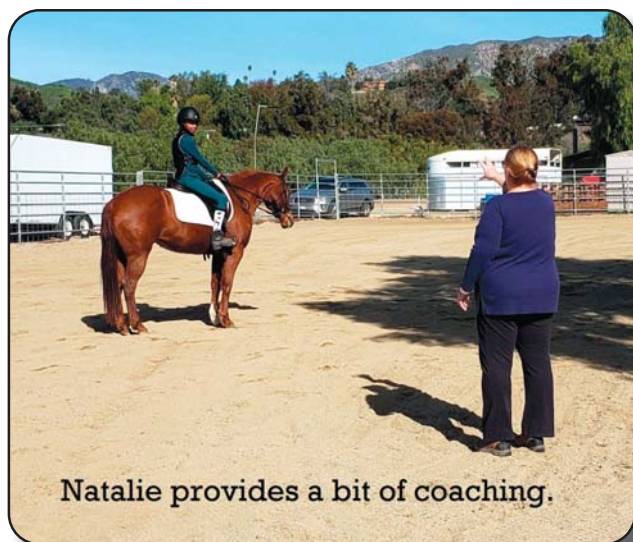

I know why the Obstacle Event is my favorite. What's your story? Share it on our FaceBook page (ETI Corral 10) and see more photos of the event.

Check that focus! (The horse of course.)

Happy to have a mule along.

Natalie provides a bit of coaching.

Perfecting the side pass.

New Laws for Motorists and Bicyclists

Westways magazine, Spring 2023, page 10. AAA.com

Something very scary has happened! Our "California State Legislature approved several new laws of critical interest to horse owners/riders. A copy of new laws can be obtained at [leginfo.legislature.ca.gov](https://leginfo.ca.gov) by inputting the bill number into the search engine.

"Bicycles: AB 1909, by Assemblymember Laura Friedman, modifies several rules and restrictions relating to bicycles, including the following:

- "Eliminates the statewide ban of Class 3 electric bicycles on a bicycle path or trail, bikeway, bicycle lane, equestrian trail, or hiking or recreational trail.
- "Allows the Department of Parks and Recreation to prohibit the operation of any class of electric bicycle on any bicycle path or trail within the department's jurisdiction."

Of the four items listed in the article, I have copied the two most important every horse owner/rider should fear for their lives. Every time you venture out to ride, you and your horse(s) are at risk. It is well known that people riding bicycles of any kind whether electric or non-electric present a danger to equestrians on horseback.

Many bike riders are well known to use excessive speed particularly when riding on twisty windy trails or roads where they cannot visually see a proper distance ahead of themselves appropriate for the safety of other persons using the same trail or road.

I interpret these two new laws for bicycles to mean that they will have free rein to ride as they please in all of our California parkland trails.

"The California Department of Parks and Recreation, more commonly known as California State

Parks, manages the California state parks system. [This system] . . . is honored to provide access to parks and open spaces and contribute to a healthier and richer quality of life for Californians and for people all over the world who visit the golden state's natural wonders."

Unless we as horse owners/riders make our safety needs obvious to all California parklands and to our California State Legislature, our lives are in danger from rogue bicyclists.

Do you as a horse owner/rider have a story about an encounter with bicyclists?

Who do we contact?

Who is in charge of State Parks in California? Also known as: the California Department of Parks and Recreation:

<http://www.parks.ca.gov> > director

Armando Quintero, Director - California State Parks - CA.gov

<http://www.parks.ca.gov> > director

The following information I have attempted to glean from various websites dealing with the California Department of Parks and Recreation, also known as California State Parks. I have been unable to locate any direct contact information for Armando Quintero with the exception of the two following addresses.

Department of Parks and Recreation

715 P Street OR P.O. Box 942896
Sacramento, CA 95814 Sacramento, CA 94296

Next, I found the..."Welcome to California State Parks' Contact Us webpage"

California State Parks
Accessibility Division
access@parks.ca.gov
(800) 777-0369 ext. 5
(916) 445-8949
Email (click on email to send)

Here is what the Accessibility Division lists for Bikes:

Bikes

Are electric bikes allowed in California's state parks?

California State Parks is working to provide guidance to our park managers on how to enforce electric bicycles (e-bikes) at our 280 park units across the state. Each park is unique so a statewide policy on e-bikes is not feasible. Currently, trails in the State Park System are open to pedestrians only unless otherwise designated by the park's superintendent for equestrian or cycling. This would be on a trail-by-trail basis, which we understand can be confusing to visitors. We are working to provide more specific guidelines that will provide the public access, where feasible, to our bike trails but at the same time, protect California's beautiful, iconic landscapes.

Friedman's change for Bike Laws for California shown at the top of this article as the two bullet items, I firmly believe that many or even most bicyclists will see "Eliminates the statewide ban . . .", the key words being "Eliminates" and "ban" for E-bicycles and will mis-interpret the new law to mean all trails everywhere in the State of California are now available for them to enjoy.

Documents and Commission hearing for Red Rock Canyon State Park Final Draft General Plan and Final Environmental Impact Report

Good Morning,

The California Department of Parks and Recreation is the lead agency responsible for preparing an Environmental Impact Report (EIR) under the California Environmental Quality Act for the Red Rock Canyon State Park General Plan Revision. The State Park and Recreation Commission (Commission) will hold a hearing on the Draft General Plan and Final EIR on March 3, 2023. At the hearing, the Commission will consider adopting the Red Rock Canyon State Park General Plan and certifying the EIR. The meeting will be held at Lancaster City Hall, 44933 Fern Avenue, Lancaster, CA 93534, and virtually on CAL-SPAN starting at 9:00 a.m.

The Draft General Plan and Final Environmental Impact Report are available for public review. To access or download the documents and to learn more about the project, visit the [Red Rock Canyon State Park General Plan Project website](#).

Meeting documents for the upcoming commission tour and meetings scheduled for March 2 and 3, 2023, are now available online. You can access these individual meeting documents by (1) clicking each link below OR (2) visiting the [State Park and Recreation Commission](#) page. Please note that the March 2 Commission Tour will visit the Antelope Valley Poppy Reserve and the Antelope Valley Indian Museum State Historic Park.

Equine Treats

Healthy Horse Treats

(recipe © Terry Golson at HenCam)

<https://hencam.com/henblog/2014/01/homemade-horse-treats/>

2 carrots
2 apples
1 tablespoon canola oil
2/3 cup molasses
2 cups rolled oats
3 cups whole wheat flour
2 tablespoons dried peppermint

1. Preheat the oven to 350° F. Line two cookie sheets with parchment paper or nonstick liners.
2. Shred the carrots and apples. Please use flavorful apples, like Macouns or Macintoshes. Do not use drab delicious.
3. Put the shredded apples and carrots into a bowl, preferably of a stand mixer. (You could do this by hand, but the mixer will create a better texture and it is much easier. Most handheld mixers aren't powerful enough for this dough.) Add the remaining ingredients. Cooking tip: measure the oil in the measuring cup and swirl around before pouring out. Next, measure the molasses in the same cup. The molasses will then slip right out into the mixing bowl.
4. Using the paddle attachment, beat the mixture until all is shiny.
5. Scoop out small balls, they'll be uniform if you use a scoop (you can make them half the size shown here by using a melon baller.)
6. Bake for 1 hour, or until dry all the way through. If the tops turn dark brown before the centers are done, cover lightly with a sheet of tinfoil. Cool on a wire rack.

Makes 2 1/4 pounds

Princess Pixie's Sparkly Flax Snax

<http://princesspixiepony.blogspot.com/2012/07/princess-pixies-sparkly-flax-snax.html>

1 cup oats (I used rolled horse oats since I had some at the barn, but if you want them to be human edible too, then use Quaker Oats or the like)
1 cup flour
3/4 cup flax meal
3 Tbsp coconut oil
1/2 tsp baking soda
1/2 tsp baking powder
1/2 tsp cinnamon
1/2 cup molasses

Preheat oven to 350.

Mix the oats and flour in a large mixing bowl.

Put the flax meal, coconut oil, baking powder, baking soda, & cinnamon in a food processor and mix together. Add to the flour and oats in the mixing bowl.

Add the molasses and mix all the ingredients together until they become "dough like."

Spoon tablespoon size balls onto greased cookie sheet.

Sprinkle with edible glitter in the color of your choice.

Bake 15 mins. Then sprinkle with colored sugar and bake an additional 5-10 mins. Cool and feed to happy ponies :)

Equine Treats

Super Simple Trick Training Treat

<https://www.horsetricks101.com/2013/03/super-simple-trick-training-treat/>

These are Trigger's second favorite trick training treat. They are soft and just a little bit sweet. I make them out of human grade ingredients and snack on them when we are training

Oat & Apple Chews
Ingredients:

1 ½ cups unsweetened applesauce
1 cup quick oats
½ cup flour

Directions:

Preheat the oven to 350 degrees F (180C).

Grease a 9 inch by 9 inch (22cm x 22cm) glass pan or baking tray.

Mix all the ingredients until the applesauce is evenly distributed, then spread the mixture evenly in the pan.

Bake for 30 minutes or until the batter firms and browns.

Allow the mixture to cool for 5 to 10 minutes and then cut it into squares. Or wait till the mixture cools completely and you can cut it into tiny squares with kitchen scissors.

Put the squares in an airtight container for storage.

Horse Treats: Molasses Cookies

<https://www.horseillustrated.com/horse-exclusives-horse-treats-molasses-cookies>

All you'll need is a mixing bowl, a cookie sheet, an oven and the ingredients below:

1 1/2 cup all-purpose flour
1 cup bran
1 cup molasses
1 cup chopped apple

Preheat oven to 350 degrees Fahrenheit.

1. Chop the apples.
2. Mix the apples, molasses and flour together.
3. Add the cup of bran.
4. Give the mixture a good stir.
5. Use a teaspoon to make little balls and place them on a greased cookie sheet.
6. Bake in the oven for approximately 12 minutes. Keep an eye on them to make sure they don't burn.

Our event for this month was moved to March due to inclement weather.

Our next event is the Corral 14 Play Day at the Moran Ranch on March 4, 2023. Corral 66 will provide support for the Play Day. Please contact Jamie Rees at (760) 953-7235 for more information.

Corral 66 will have a St. Patty's Day Ride on March 15, 2023, at Sawtooth Canyon. Sign up is at 10am, and we ride at 11am. We kindly ask our members for donations for the ride and non-members are \$10. Water and sodas will be provided for riders, but you will need water for your mounts. Please bring a lunch and a chair. Please contact Jamie Rees at (760) 953-7235 for more information.

Corral 83

Tehachapi Mountain Riders
Tehachapi
Pres. Renee Baust
(661) 822-9404

March has arrived, and we are getting ready for some beautiful trail rides coming up. Abundant rains and snow in the higher and some lower elevations means wildflowers will soon be in bloom. Southern California is already experiencing what some are calling a super bloom.

As a ride leader for some of our Spring rides, I have already mentioned to Renee Baust, our Corral President, and Susan Mustaffa, new Corral 83 Trail Ride Coordinator, the possibility of needing to change or possibly flip flop some of the Antelope Valley rides. We will keep an eye on the trail conditions. Be sure to contact trail ride leader for the most up to date information about the rides you may want ride with our group.

February brought a mix of weather for the mountains. Corral 83 did manage to get out to Cal City for a very nice ride. Dry soil such a welcomed sight. Sheri D. from Corral 66 joined up

with Corral 83 and had a nice 2-hour walkabout in the desert lead by Susan Mustaffa. I was happy to see smiling Jericho Vise, who provided some photos of what she referred to as her first Corral 83 trail ride. She joined our corral in February. It's always delightful to see happy riders out on the trail. Eight riders participated in the ride, and some went to the post ride lunch at Gloria's Mexican Restaurant in California City.

Photo credit to Jericho Vise (smiling)

The second Corral 83 ride scheduled for February was moved from the 16th to the 24th hoping for improved conditions on the trail. Ultimately, our second ride was canceled because our trails received additional snow. As of this writing, the local mountains have more than a foot of new snow. We need every bit of it. The pine trees are looking great.

What's on the calendar for March? We have two rides planned; both rides may be impacted by the winter weather conditions.

March 9 is Portal Ridge in the West Antelope Valley area. This is a sensitive desert habitat with beautiful trails and desert plants. You can learn more about this area via their Facebook page Transition Habitat, Portal Ridge. Debra Stella is the ride leader. Please contact her if you want to participate in this ride at (661)341-0286. On February 24, the area received several inches of snow and more in the higher elevation.

March 23 will be Stallion Springs in the Tehachapi Mountains. Renee Baust, Corral 83 President, is the ride leader. Please call Renee at (661) 822-9404 if

you would like to participate in this ride.

Because we are still experiencing winter weather conditions, all rides are subject to change of date or location depending on weather and trail conditions. It is never our intention to ride unsafe trails or to cause unnecessary erosion by riding on trails that haven't recovered from winter precipitation.

Special Note: Our annual Poppy ride scheduled for Thursday, April 13. Please contact the ride leader, Doris Lora, at (661) 333-7797 if you are interested in riding near the Poppy Reserve.

For more interesting photos of Corral 83 activities, visit the Facebook page (ETI Corral 83). Please remember that becoming an Equestrian Trails Inc. member is separate from following the Facebook page. Following the page doesn't enroll you as a member of Equestrian Trails Inc. As a social media source, it keeps you informed of some events or shares photos of past fun filled events. Visit the ETI website for more information about the organization and becoming a member.

Finally, on a matter that affects all members of the organization that ride Red Rock Canyon State Park, a new public notice arrived in my email box this week. There are public meetings being held in March in various locations. (Letter posted in this magazine on page 18)

Meeting documents for the upcoming commission tour and meetings scheduled for March 2 and 3, 2023, are now available online. You can access these individual meeting documents by (1) clicking each link OR (2) visiting the State Park and Recreation Commission page. Please note that the March 2 Commission Tour will visit the Antelope Valley Poppy Reserve and the Antelope Valley Indian Museum State Historic Park.

Red Rock Canyon (and surrounding areas) has long been a favorite place for equestrians during the fall, winter, and spring months. Summer, not so much. California State Parks has plans to implement some changes that include reclassifying certain areas. Those changes may impact where equestrians will be allowed to ride in the State Park.

Trail Rider Award Program

T. R. A. P.

It's TRAP! What is "TRAP" you ask?
TRAP is ETI's Trail Rider Award Program!

What does it do?
A heck of a lot more than it sounds!

If you have any questions about the TRAP Program, call TRAP Chairperson Carol Elliott, (760) 963-8209. All completed logs and CHECKS should be sent to Carol Elliott: 6990 Ord View Rd; Apple Valley Ca 92308. happy2appy@yahoo.com

All your TRAP dues of \$6.00 are due in January.

ETI TRAP keeps computerized logs on how many hours members are riding and where.

In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage.

ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

When a Corral calls ETI TRAP and identifies a specific problem area, TRAP not only provides them with actual riding statistics of usage, but TRAP members are notified to increase usage and support in that particular area.

Documentation from 'trail logs' turned in by TRAP members are proof that trails are being used by equestrians.

ETI TRAP acknowledges hours in the saddle with shoulder patches and pins that can be attached almost anywhere.

Lest we offend the "cart" people, TRAP also counts those non-arena hours of driving time spent on the trails.

How much does all this cost? It's cheap!!! The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00.

You will start by receiving the TRAP main shoulder patch (about the size of a police patch), and your log sheets. As you hit the hour goals (100, 200, 500, etc.), additional patches will be sent to you. When you reach the higher levels, your hours will be acknowledged with pins instead of patches.

Why should the Show people get all the awards?

Biological Controls - *Nature's Way*

Encourage the use of swallows, bats and other insect eating animals on your residence. For more information, call: 1 (800) 974-9794

Chemical Controls - *Your Last Resort*

Use these least-toxic products:

- Pyrethrin-based insecticides
- Dehydrating dusts (e.g. silica gel)
- Insecticidal soaps
- Horticultural oils

Pesticide Disposal

Rinse empty pesticide containers and treat the rinse water as you would the product. Dispose of empty containers in the trash.

City of Los Angeles residents should dispose of unused household toxics at a HazMobile instead of into the sink. Call 1 (800) 98-TOXIC (8-6942) for the location nearest you.

Dumping toxics into the street, gutter or storm drain is illegal!

Residents outside the City of Los Angeles can call the reference numbers listed in this pamphlet to learn more about the proper disposal of household toxics.

Stormwater Best Management Practices (BMPs)

Horse Owners & Equine Industry

Safe Environmental Habits and Procedures for:

- Boarding Stables
- Equestrian Centers
- Small Farms
- Urban Horse Owners

Stormwater Management Division Department of Public Works

Ocean Pollution Prevention It's Up to Us

Los Angeles has two drainage systems—the sewers and the **storm drains**. The storm drain system was designed to prevent flooding by carrying excess rainwater away from city streets out to the ocean.

Because the system contains no filters, it now serves the *unintended* function of carrying urban pollution straight to the ocean.

This pamphlet tells you how to prevent ocean pollution from "stormwater" or "urban runoff."

Rain, industrial and household water mixed with urban pollutants creates stormwater pollution. The pollutants include: oil and other automotive fluids, paint and construction debris, yard and pet wastes, pesticides and litter.

Urban runoff pollution flows to the ocean through the storm drain system—1,500 miles of pipes that take water and debris straight from Los Angeles streets to the ocean. Each day, 100 million gallons of polluted urban runoff enter the ocean untreated, leaving toxic chemicals in our surf and over 4,300 tons of trash on our beaches annually.

Urban runoff pollution contaminates the ocean, closes beaches, harms aquatic life and increases the risk of inland flooding by clogging gutters and catch basins.

These Best Management Practices (BMPs) will ensure a cleaner ocean and city.

Animal Waste Problems

Animal waste contributes to ocean pollution when it is improperly stored or left uncovered near small streams and storm drains. During rainfall, it is washed into storm drains and flows untreated, directly into the ocean.

Animal waste contains some nutrients—phosphorus and nitrogen—as well as bacteria. The nutrients fertilize the aquatic plants causing their proliferation which depletes oxygen in the water, killing sea life. The high bacteria levels in the water can cause gastrointestinal disorders and other medical problems for swimmers.

Sediment is also a common pollutant washed from pastures and livestock facilities. It creates multiple problems once it enters the ocean. It harms sea life by clogging the gills of fish, blocking light transmission and increasing ocean water temperature.

Solutions

Facilities Design

- Site barns, corrals and other high-use areas on the portion of property that drains away from the nearest creek or stream.
- Install gutters that will divert runoff away from livestock area.
- Design diversion terraces which drain into areas with sufficient vegetation to filter the flow.
- Protect manure storage facilities from rainfall and surface runoff.

Pasture Management

- Confine animals in properly fenced areas except for exercise and grazing time.
- Corrals, stables and barns should be located on higher ground when possible and surrounded by pasture to act as a natural filtration system.
- Utilize fencing to keep horses away from environmentally sensitive areas and protect stream banks from contamination.
- Use manure and soiled bedding sparingly to fertilize pastures and croplands.

Grazing Management

- Establish healthy and vigorous pastures with at least 3 inches of leafy material present.
- Subdivide grazing areas into three or more units of equal size.
- Clip tall weeds and old grass to control weeds and stimulate grass regrowth.
- Rotate animals to clean pasture when grass is grazed down to 3-4 inches.
- Let pasture regrow to 8-10 inches before allowing regrowth.
- Keep animals away from wet fields when possible.
- During heavy rainfall, consider indoor feeding, a practice which keeps more manure under roof and away from runoff.

Collection and Storage

Collect soiled bedding and manure on a daily basis from stalls and paddocks and place in temporary or long-term storage units. Store in sturdy, insect resistant and seepage free units such as:

- Plastic garbage cans with lids.
- Fly-tight wooden or concrete storage sheds.
- Composters.
- Pits or trenches lined with an impermeable layer.

Use and Disposal

- Compost soiled bedding and manure for your own use.
- Give away composted material to local greenhouses, nurseries and botanical parks.
- Transport manure to topsoil companies or composting centers.
- Fertilize pastures, cropland and lawns with manure and soiled bedding. **Do not** apply fertilizer just before or during rainstorms.

Pesticide Alternatives

The "chemicals only" approach to pest control is only a temporary fix. *Integrated Pest Management* is a more common sense approach for a long-term solution. Plan your "IPM" strategy in this order:

Physical Controls

- Pheromone Traps
- Tarps
- Bug Zappers
- Fly-Tight Storage Sheds

Checklist For Membership Application Cards

Be sure to use the standard cards and not paper forms. If you need more cards please let us know.

Please Check Cards For Completeness And Legibility.

Oftentimes the information on the cards is hard to read. Membership fees are due on the member's anniversary date. Please notify members a month in advance of their anniversary date and send them a Membership Application card to complete and return to your Corral. If they renew late, 90 days or more, their anniversary date will change. Anyone who does not have current membership must pay single event fees at events.

Send cards in A.S.A.P. **Don't hold them.** For **Single** membership, list only the person applying for membership and no one else.

All ETI rides and events require that participants complete both sides of the ETI Waiver and Release.

Non members must complete a Single Event form and pay \$10.00 for an individual for the day or weekend-camping membership. \$5.00 of this is to be sent with the forms back to the ETI office. A family membership for the event is \$20.00; \$10.00 goes to the ETI office.

The Waivers/Release as well as Single Event forms need to be received at the ETI office within two weeks of event.

Basic membership amounts are Family \$50; Senior \$35; Junior \$30.

At Large Memberships are Family \$70; Senior \$50; Junior \$45.

Some Corrals charge additional amounts.

Please contact a Corral or send to ETI, P.O. Box 920668, Slymar, CA 91392

ETI National Programs

Horse Shows ETI has a National High Point Circuit which is currently on hiatus. Until then, please contact the ETI office. Non-ETI members can participate in our ETI High Point Shows. But to be a part of the National High Point Circuit you must be an ETI member. You can sign up for the Circuit any time during the season, but must compete a specified number of times in your chosen classes to win awards. Points towards year end awards start accumulating on the date you sign up with the high point program.

The **Junior Ambassador Program** is open to all ETI youth age 7 to 21. Boys are welcome for the Prince and King category. Applications for the program may be obtained by contacting Cheri Ovayan at (818) 335-2884 covayan97@icloud.com. The completed forms are due back by April 2nd with all fees, sponsors, autobiography and pictures. This is a great way for our youth to represent their Corral and ETI. Participants volunteer their time at several mandatory events as well as many horse shows; trail trials, parades, trail dedications, quarterly dinner meetings and fun events just for the Junior Ambassador Court such as the retreat! Contact Michelle or any of the girls who have participated for more info on the fun activities.

Trail Rider Award Program (TRAP) keeps computerized logs on how many hours members are riding. In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage. ETI Corrals in all areas are finding themselves having to defend their

riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

ETI TRAP acknowledges hours in the saddle with shoulder patches & pins that can be attached almost anywhere. The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00. You will start by receiving the TRAP main shoulder patch and your log sheets. As you achieve the hour goals additional patches will be sent to you. Carol Elliott is the TRAP chair. Please contact (760) 963-8209 or happy2appy@yahoo.com.

Trail Trials: An ETI Sanctioned Trail Trial consists of a trail ride, usually averaging between two and three hours, with trail obstacles along the way. Obstacles are natural, or simulate naturally occurring conditions for the horse and rider to negotiate. We now have a DVD from a clinic demonstrating obstacles and tips to compete or put on a Trail Trial. It is important to remember that the people doing the judging at sanctioned Trail Trial event are volunteers following the rulebook and are doing thwe best they can. Safety, control, and common sense are the number one priorities for all ETI sanctioned Trail Trials. Trail Trials are open to ETI members and Non-members. There are three divisions: Juniors for youth 14 years (as of Jan. 1st) and under; Novice and Open. Please contact the ETI office at (818) 698-6200 office@etinational.com.
