A Message from Tom Kirsch ETI National President

Hello, to all.

The ETI National Board meeting was held May 19 via phone conference. Financially, we are doing fine, and we gained a few new members. We only have a couple corrals that haven't paid their insurance bill, and hopefully, they will take care of it shortly. The corrals did great paying their bills this year. This allows us to pay the bill and not finance the bill which saves us money. So, Corral Presidents, get your money in.

Wow! June is here. This year is really flying by. Schools are getting out, and the corrals are putting on their events. So, read the magazine and get out and support our organization. We need to show the "powers that be" that we are using the equestrian camps and trails along with the equestrian areas!!

Our Spring Ride is almost here, and we are busy getting ready. Patty and her crew are getting the shopping done. We are looking forward to the ride, and I think it will be a lot of fun. Chihuahua Valley Horse Camp in Warner Springs is becoming popular. I haven't been there yet, and I am looking forward to it. Many of our members have ridden there and speak highly of it.

On a sadder note, we lost a long time member of Corral 3 and the MAU. Jean Chadsey died in a trailer accident in May. There is further information in this magazine starting on page 9.

Stay safe, and look out for each other.

Tom

National Board Meeting

Next meeting will
June 16 at 7pm

Monthly meeting is via
conference call. If interested in
joining the call, email us at
office@etinational.com

Join us!

ETI TRAIL TRIALS PROGRAM: ETI Office (818) 698-6200 office@etinational.com

RATTLESNAKE AVOIDANCE TRAINING

How will your dog react when confronted with a rattlesnake?

Training your dog to avoid and get away from a dangerous rattlesnake is training that can save your dog's life and maybe yours too. Equestrian Trails Inc., Corral 35 of Glendora CA is hosting this life saving training:

Location: Carlyle Linder Equestrian Center
1000 N Glendora Mtn. Road
Glendora, CA 91741
Date: June 21, 2025 (8 am to 4 pm)
Cost: \$75.00
Time: Please call or text **Becky (626) 253-2146** to schedule your appointment.

Dogs must be between 6 months and 10 years. Payment is due at the time of training. Payment can be made in cash, check or Zelle.

Riddle Me This?

What always shows up in the middle
of March and the middle of April?

Happy Father's Day

Corral 3 Memorial Play Day In Remembrance Of Jean Chadsey

Please join us June 21st for a playday at the Old Red Barn in Bear Valley Springs in honor and celebration of a truly remarkable horse woman, Jean Chadsey! For anyone who knew her or even met her for a moment, you would attest to her natural God given charm. Full of love and busting with smiles, she was sincere, gracious, hard working and so very talented. She had a special gift with the animals and shared her passion with young and old alike. Her sudden and unexpected departure in May left some very heavy hearts behind. She would not want to see remorse or tears, but rather rejoicing and cheers. So come on out to one of her favorite venues and keep her dream alive!

Contact & RSVP: Cindi Schaub, (909) 354-1613
or schaubcindi@aol.com

Location: Mark and Michelle Campbells Place;
28701 Bear Valley Rd., Tehachapi

Bring: Pot luck item and a happy heart!

Come and join our E.D. CELEBRATION OF LIFE for our
dear friend Jean Chadsey

Monday, July 7th at 11:00

Kuns Park, 1600 Bonita Ave., La Verne

Taco cart will be provided

Bring Chairs, blankets, soft drinks/water, any side dish or
dessert of your choice.

Remembering Jean Chadsey

By Dottie Hilliard, Corral 35 President

As I sat and tried to grasp the overwhelming feeling of shock and disbelief on hearing the news of the tragic accident involving Jean, I struggled with my emotions. Memories of her that kept flashing into my mind were so vivid. I hadn't interacted with Jean for a number of years, but the impact she left on me was not to be denied. Jean appeared out of nowhere at a Corral 35 meeting one evening and asked to join our Corral. Little did we know what we were in for. She came in like a gentle breeze and became a cyclone of energy and great ideas.

Jean organized our first Trail Trial and nearly wore our members into the trail dust. Then we gasped for breath trying to keep up with her as she nearly single handedly presented an arena challenge while teaching us the ropes of how to accomplish the task more efficiently. She gave orders like a drill sergeant and constructed obstacles where needed. She was handy with a saw, ordering lumber and materials. Jean constructed a beautiful bridge and trail course objects for the Corral which amazed us all.

Then one day, she decided that the MAU at Bonelli Regional Park needed her help. I think she decided that that she had hustled Corral 35 into an active and

vibrant group, and her job here was done. She was hearing a calling elsewhere. My understanding is that after her service to Bonelli MAU came to a close, she became active in the CSHA where I am sure she was welcomed with open arms. As a member of the Rotary Club, I am reminded of our motto of "Service Above Self". That is my opinion of what Jean Chadsey stood for.

As the shock set in on the news of her passing, I searched for information of her on Facebook and in messages from shared friends. She was dearly loved and the many stories of Jean that I have read verifies my belief that she was truly a breath of fresh air and a cyclone of energy. Her love of animals, her devotion to her faith, and her service to humanity will live in our hearts forever, especially in the heart of her beloved Buster Brown.

Happy Trails, Jean.

Memories Of Jean Chadsey

Jean was a valued member of ETI for many years and wore many hats. She was our MAU Coordinator, organized security for our annual Convention at the Los Angeles Equestrian Center and helped many corrals put on their trail events. She will be missed by all.

Corral 20's Trail Trial Results And Photos

By Becky Borquez, Corral 20

Everyone sure loved the different trail course this time! Deb Mader and helper Cheri Ovayan did a fabulous job of mapping out a 5 1/2 mile course going towards Hansen Lake and the Discovery Cube. Due to slightly drizzly weather and horse quarantine at one facility, our entry numbers were down. We'll have a more detailed report in the next ETI magazine! But we want to extend a huge THANK YOU to all the volunteers who make these Trail Trails possible!

Frozen Treat Ideas That Are Great & Safe For Your Horse

By Georgia Andrews

Once again summer has arrived and with it comes sizzling temperatures. Often the height of the summer will send us barn folks inside to enjoy our air conditioned homes and cool treats rather than spending long hours in the hot barn. In the heat of the summer who among us hasn't enjoyed a popsicle after a brutal turnout. But like most horse people we also want to be able to give our beloved equine the comforts we enjoy. We hang fans all over to cool them down, bring them in the barn during the heat of the day, and give them cool bathes. But what of the popsicles and ice cream? What cool summer treats can we give our favorite friends? Well I scoured the internet and here are some things I found.

Horse Popsicles

For this recipe, you can use whatever horse-friendly fruits and veggies you have on hand.

Examples include: apples, celery, carrots, bananas, watermelon, grapes, lettuce, or squash.

Directions: Thoroughly wash all your fruits and veggies. Dice them up into small pieces (the smaller the better) or alternatively, you can put them in the blender. Using plastic cups or popsicle molds, add your fruits and veggies, then fill with diluted apple juice, unsweetened applesauce, or water. Freeze overnight and feed the next day be sure to take them out of the cup! You can insert popsicle sticks if you want to hold them or just dump them in a feed pan.

Frozen Lick Treat

For a little larger treat which several horses can share, use a bundt cake pan and follow the same directions as above for the Horse Popsicles. I think a two liter soda bottle cut in half would also work great for this. You can also add a spoonful of molasses to sweeten it up if you prefer. If you'd like to hang this frozen treat from the fence, simply insert some of that baling twine you have hung on a hook

somewhere on each edge before you freeze it.

This frozen lick treat is sure to keep your horses entertained for a while!

Melon Ice Pops

Another great idea is to just puree watermelon or any melon and freeze it overnight in a plastic mold or disposable cups.

You can add some fresh mint which is apparently a cooling herb. This can also be done in large containers to be shared amongst several horses.

Fruit

In a pinch just chop up some fruit and throw it in their feed pans. Great summer fruits and veggies for horses include:

Apples, Apricots, Bananas, Beets, Blackberries, Blueberries, Carrots, Celery, Cherries, Coconut, Corn, Dates, Figs, Grapes, Grapefruit, Lettuce, Mango, Orange, Peach, Pear, Pineapple, Plums, Pumpkins, Raisins & Watermelon (rind and all)

You can also chop these veggies up and add water and freeze to make a frozen treat just like above and then just let them enjoy it from the bucket.

Be careful not to offer your horse any vegetables that are known for causing intestinal gas like cabbage or brussel sprouts. Also steer clear of onions, potatoes, and tomatoes.

As with anything in life moderation is key. Treats are just that a treat and should not be fed in large quantities. Always offer your horses plenty of cool water to help them beat the heat all summer long!

Thanks to: <https://www.horsetimesmagazine.com/hot-summer-treats>

We all need encouragement and positive energy...especially these days. Each month, I'm going to send some positivity your way on this page. If you have a favorite saying, please share at magazine@etinational.com and I'll include the following month!!

HANDWRITTEN FORWARD 2010

Trail Rider Award Program

T. R. A. P.

**It's TRAP! What is "TRAP" you ask?
TRAP is ETI's Trail Rider Award Program!**

**What does it do?
A heck of a lot more than it sounds!**

If you have any questions about the TRAP Program, call TRAP Chairperson Carol Elliott, (760) 963-8209. All completed logs and CHECKS should be sent to Carol Elliott: 6990 Ord View Rd; Apple Valley Ca 92308. happy2appy@yahoo.com

All your TRAP dues of \$6.00 are due in January.

ETI TRAP keeps computerized logs on how many hours members are riding and where.

In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage.

ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

When a Corral calls ETI TRAP and identifies a specific problem area, TRAP not only provides them with actual riding statistics of usage, but TRAP members are notified to increase usage and support in that particular area.

Documentation from 'trail logs' turned in by TRAP members are proof that trails are being used by equestrians.

ETI TRAP acknowledges hours in the saddle with shoulder patches and pins that can be attached almost anywhere.

Lest we offend the "cart" people, TRAP also counts those non-arena hours of driving time spent on the trails.

How much does all this cost? It's cheap!!! The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00.

You will start by receiving the TRAP main shoulder patch (about the size of a police patch), and your log sheets. As you hit the hour goals (100, 200, 500, etc.), additional patches will be sent to you. When you reach the higher levels, your hours will be acknowledged with pins instead of patches.

Why should the Show people get all the awards?

meaningful time with their horses...whether out on the trail, tackling endurance rides, working on groundwork, or simply enjoying those quiet moments at the barn. These are the kinds of experiences that strengthen our bonds with our horses and help make our community so special.

While everyone's been soaking up the spring weather, the Route 101 board has been hard at work behind the scenes getting ready for our upcoming show on May 31-June 1. We can't wait to welcome riders back for a weekend of fun, connection, and friendly competition. Whether you're competing or just stopping by to cheer from the sidelines, be sure to swing by and say hello!

With summer just around the corner, now is a great time for a quick reminder about staying safe in the heat. We all know how quickly the temperature can rise this time of year, and heat stress can affect horses not only during exercise but even when standing in hot stalls or trailers. Knowing what's normal for your horse and how to spot when something's off is essential.

Here are a few key tips to keep in mind:

Know your horse's baseline vitals: temperature, heart rate, and respiratory rate.

Watch for warning signs: elevated heart rate, little or no sweating, high body temperature, lethargy, or simply acting "off."

Check for dehydration: dry or tacky gums, poor skin elasticity, or slow capillary refill time in the gums (press and see how quickly color returns).

If you notice any of these signs, act fast! Move your horse to a cooler area, offer water, and begin cooling efforts immediately.

Here's to a safe, happy, and healthy summer season. Enjoy the sunshine, take care of your horses, and we'll see you at the show!

Riddle Answer:
The letter "R"

Biological Controls - *Nature's Way*

Encourage the use of swallows, bats and other insect eating animals on your residence. For more information, call: 1 (800) 974-9794

Chemical Controls - *Your Last Resort*

Use these least-toxic products:

- Pyrethrin-based insecticides
- Dehydrating dusts (e.g. silica gel)
- Insecticidal soaps
- Horticultural oils

Pesticide Disposal

Rinse empty pesticide containers and treat the rinse water as you would the product. Dispose of empty containers in the trash.

City of Los Angeles residents should dispose of unused household toxics at a HazMobile instead of into the sink. Call 1 (800) 98-TOXIC (8-6942) for the location nearest you.

Dumping toxics into the street, gutter or storm drain is illegal!

Residents outside the City of Los Angeles can call the reference numbers listed in this pamphlet to learn more about the proper disposal of household toxics.

Stormwater Best Management Practices (BMPs)

Horse Owners & Equine Industry

Safe Environmental Habits and Procedures for:

- Boarding Stables
- Equestrian Centers
- Small Farms
- Urban Horse Owners

Stormwater Management Division Department of Public Works

Ocean Pollution Prevention It's Up to Us

Los Angeles has two drainage systems—the sewers and the **storm drains**. The storm drain system was designed to prevent flooding by carrying excess rainwater away from city streets out to the ocean.

Because the system contains no filters, it now serves the *unintended* function of carrying urban pollution straight to the ocean.

This pamphlet tells you how to prevent ocean pollution from "stormwater" or "urban runoff."

Rain, industrial and household water mixed with urban pollutants creates stormwater pollution. The pollutants include: oil and other automotive fluids, paint and construction debris, yard and pet wastes, pesticides and litter.

Urban runoff pollution flows to the ocean through the storm drain system—1,500 miles of pipes that take water and debris straight from Los Angeles streets to the ocean. Each day, 100 million gallons of polluted urban runoff enter the ocean untreated, leaving toxic chemicals in our surf and over 4,300 tons of trash on our beaches annually.

Urban runoff pollution contaminates the ocean, closes beaches, harms aquatic life and increases the risk of inland flooding by clogging gutters and catch basins.

These Best Management Practices (BMPs) will ensure a cleaner ocean and city.

Animal Waste Problems

Animal waste contributes to ocean pollution when it is improperly stored or left uncovered near small streams and storm drains. During rainfall, it is washed into storm drains and flows untreated, directly into the ocean.

Animal waste contains some nutrients—phosphorus and nitrogen—as well as bacteria. The nutrients fertilize the aquatic plants causing their proliferation which depletes oxygen in the water, killing sea life. The high bacteria levels in the water can cause gastrointestinal disorders and other medical problems for swimmers.

Sediment is also a common pollutant washed from pastures and livestock facilities.

It creates multiple problems once it enters the ocean. It harms sea life by clogging the gills of fish, blocking light transmission and increasing ocean water temperature.

Solutions

Facilities Design

- Site barns, corrals and other high-use areas on the portion of property that drains away from the nearest creek or stream.
- Install gutters that will divert runoff away from livestock area.
- Design diversion terraces which drain into areas with sufficient vegetation to filter the flow.
- Protect manure storage facilities from rainfall and surface runoff.

Pasture Management

- Confine animals in properly fenced areas except for exercise and grazing time.
- Corrals, stables and barns should be located on higher ground when possible and surrounded by pasture to act as a natural filtration system.
- Utilize fencing to keep horses away from environmentally sensitive areas and protect stream banks from contamination.
- Use manure and soiled bedding sparingly to fertilize pastures and croplands.

Grazing Management

- Establish healthy and vigorous pastures with at least 3 inches of leafy material present.
- Subdivide grazing areas into three or more units of equal size.
- Clip tall weeds and old grass to control weeds and stimulate grass regrowth.
- Rotate animals to clean pasture when grass is grazed down to 3-4 inches.
- Let pasture regrow to 8-10 inches before allowing regrowth.
- Keep animals away from wet fields when possible.
- During heavy rainfall, consider indoor feeding, a practice which keeps more manure under roof and away from runoff.

Collection and Storage

Collect soiled bedding and manure on a daily basis from stalls and paddocks and place in temporary or long-term storage units. Store in sturdy, insect resistant and seepage free units such as:

- Plastic garbage cans with lids.
- Fly-tight wooden or concrete storage sheds.
- Composters.
- Pits or trenches lined with an impermeable layer.

Use and Disposal

- Compost soiled bedding and manure for your own use.
- Give away composted material to local greenhouses, nurseries and botanical parks.
- Transport manure to topsoil companies or composting centers.
- Fertilize pastures, cropland and lawns with manure and soiled bedding. **Do not** apply fertilizer just before or during rainstorms.

Pesticide Alternatives

The "chemicals only" approach to pest control is only a temporary fix. *Integrated Pest Management* is a more common sense approach for a long-term solution. Plan your "IPM" strategy in this order:

- Physical Controls
- Pheromone Traps
- Tarps
- Bug Zappers
- Fly-Tight Storage Sheds

WAIVER & RELEASE FOR EQUESTRIAN TRAILS, INC., ACTIVITIES

This Is A Waiver of Your Legal Rights, And An Agreement Not To Sue
Serious Injury Or Death May Result From Riding Or Being Near Horses

ETI Event _____ Location _____ Date _____

1. Participant's Name (print): _____

Address: _____ City: _____ State: _____ Zip _____

Telephone: (____) _____ Email: _____ ETI Member ____ If Yes, Corral #: _____

2. **Liability Release.**

In consideration for Equestrian Trails, Inc. ("ETI") allowing me or my child to voluntarily participate in its activities, I agree as follows:

- a. This agreement, waiver and release applies to ETI and to ETI's affiliated Corrals, committees, employees, predecessors, successors, attorneys, insurers, members and volunteers who are working in the course and scope of their duties on behalf of ETI, including its affiliated Corrals, at the time of occurrence of any act or omission which is later alleged to be a cause or contribution to a claim for injury, damages or death ("Released Parties");
- b. I forever release, hold harmless and indemnify Released Parties from liability for any and all claims, demands, causes of action, damages, injuries or death to me, my minor children, my horse and my property, and legal liability of every nature, including the negligent acts or omissions of any Released Parties, whether known or unknown, anticipated or unanticipated, direct or indirect, arising out of participation in the past, present or future ETI activities (including equestrian activities, such as the riding, use of, or being near, horses, whether at an arena, stable or on a trail ride in association with ETI) and I assume all risks of injury or death as set forth in this release;
- c. I shall not bring any lawsuit, action or proceeding against any Released Parties, even if they engage in negligent conduct; and
- d. I make this agreement, waiver and release for and on behalf of myself, my spouse, my child and/or ward, heirs, administrators, successors, representatives and assigns.

3. **Activity Risk.**

I understand that some ETI activities take place in isolated or wilderness areas over rough terrain, and/or trails of unknown condition and others take place on land or in facilities owned and managed by others from whom such land or facilities are borrowed or rented. I understand that the organizers, workers and members involved in ETI activities are not professionals in the horse industry, or in the planning or conducting of trips or camping events, or in other areas of expertise involved in ETI activities. I also understand that horseback riding is a rugged adventure, recreational sport activity. I am aware that there are numerous obvious and non-obvious inherent risks of serious injury or death, or property damage, to me or my horse, which are always present in ETI activities, on or near horses. I understand that pregnant women are specifically advised not to ride horses. I understand that ETI is a non-profit club of private individuals who have come together to support and enjoy recreation-oriented activities.

4. **Nature of Horses.**

I understand that no horse is completely safe, and the Released Parties make no representations or guarantees regarding the safety, training or suitability of any horse. Horses are 5 to 15 times larger, 20 to 40 times more powerful, and 3 to 4 times faster than a human. If I fall from a horse to the ground, it will generally be at a distance of 4 to 6 feet, and the impact will injure me. A horse may divert from its training and act according to its natural survival instincts and may abruptly change directions or speed, trip, slip, fall, stop short, shift its weight, buck, rear, kick, bite, spook, or run from what it perceives to be danger if it is frightened or provoked, or for no reason whatsoever.

5. **Conditions of Nature & Locations.**

I agree that the Released Parties are not responsible for acts, occurrences or elements of nature or a particular location that can injure a person or scare a horse, cause it to trip, fall or react in some other manner. These elements include thunder, lightning, rain, wind, wild and domestic animals, insects, other people and horses, and reptiles which may walk, run, fly near, bite and/or sting a horse or person, irregular footing on groomed or wild land which is subject to constant change according to weather, temperature, natural and manmade

objects. The Released Parties have not inspected, and make no representations or warranties concerning the safety or condition of, any trail, camping site, arena and/or other location of ETI events.

6. Helmet Warning.

I am aware that protective head gear which meets or exceeds the quality standards of the SEI certified and ASTM standard F1163 equestrian helmet, should be purchased and worn by me and/or my child while riding and being near horses, and the wearing of such helmet may reduce the severity of some head injuries and may prevent my serious injury or death as a result of a fall or other occurrence. If I or my minor child do not wear a helmet, it is because we so choose.

I HAVE READ, UNDERSTOOD AND VOLUNTARILY AGREE TO THIS TWO-PAGE WAIVER & RELEASE. I FURTHER AGREE THAT NO ORAL STATEMENTS, REPRESENTATIONS OR INDUCEMENTS APART FROM THIS WRITTEN AGREEMENT HAVE BEEN MADE TO ME TO OBTAIN MY CONSENT.

Dated: _____ Participant's Signature: _____

(Printed Name)

IF PARTICIPANT IS UNDER 18, SIGNATURE OF AGREEMENT BY PARENT OR LEGAL GUARDIAN IS ALSO REQUIRED, AND SUCH PERSON FURTHER AGREES, PURSUANT TO PARAGRAPH 2, ABOVE, TO RELEASE AND INDEMNIFY THE RELEASED PARTIES FOR ANY INJURY OR DEATH TO, OR ANY CLAIM BY OR ON BEHALF OF, SUCH MINOR:

Please submit by email at magazine@etinational.com

We are publishing ONLINE every month.

Checklist For Membership Application Cards

Be sure to use the standard cards and not paper forms. If you need more cards please let us know.

Please Check Cards For Completeness And Legibility.

Oftentimes the information on the cards is hard to read. Membership fees are due on the member's anniversary date. Please notify members a month in advance of their anniversary date and send them a Membership Application card to complete and return to your Corral. If they renew late, 90 days or more, their anniversary date will change. Anyone who does not have current membership must pay single event fees at events.

Send cards in A.S.A.P. **Don't hold them.** For **Single** membership, list only the person applying for membership and no one else.

All ETI rides and events require that participants complete both sides of the ETI Waiver and Release.

Non members must complete a Single Event form and pay \$10.00 for an individual for the day or weekend-camping membership. \$5.00 of this is to be sent with the forms back to the ETI office. A family membership for the event is \$20.00; \$10.00 goes to the ETI office.

The Waivers/Release as well as Single Event forms need to be received at the ETI office within two weeks of event.

Basic membership amounts are Family \$50; Senior \$35; Junior \$30.

At Large Memberships are Family \$70; Senior \$50; Junior \$45.

Some Corrals charge additional amounts.

Please contact a Corral or send to ETI, P.O. Box 920668, Slymar, CA 91392

ETI National Programs

Horse Shows ETI has a National High Point Circuit which is currently on hiatus. Until then, please contact the ETI office. Non-ETI members can participate in our ETI High Point Shows. But to be a part of the National High Point Circuit you must be an ETI member. You can sign up for the Circuit any time during the season, but must compete a specified number of times in your chosen classes to win awards. Points towards year end awards start accumulating on the date you sign up with the high point program.

The **Junior Ambassador Program** is open to all ETI youth age 7 to 21. Boys are welcome for the Prince and King category. Applications for the program may be obtained by contacting Cheri Ovayan at (818) 335-2884 covayan97@icloud.com. The completed forms are due back by April 2nd with all fees, sponsors, autobiography and pictures. This is a great way for our youth to represent their Corral and ETI. Participants volunteer their time at several mandatory events as well as many horse shows; trail trials, parades, trail dedications, quarterly dinner meetings and fun events just for the Junior Ambassador Court such as the retreat! Contact Michelle or any of the girls who have participated for more info on the fun activities.

Trail Rider Award Program (TRAP) keeps computerized logs on how many hours members are riding. In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage. ETI Corrals in all areas are finding themselves having to defend their

riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

ETI TRAP acknowledges hours in the saddle with shoulder patches & pins that can be attached almost anywhere. The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00. You will start by receiving the TRAP main shoulder patch and your log sheets. As you achieve the hour goals additional patches will be sent to you. Carol Elliott is the TRAP chair. Please contact (760) 963-8209 or happy2appy@yahoo.com.

Trail Trials: An ETI Sanctioned Trail Trial consists of a trail ride, usually averaging between two and three hours, with trail obstacles along the way. Obstacles are natural, or simulate naturally occurring conditions for the horse and rider to negotiate. We now have a DVD from a clinic demonstrating obstacles and tips to compete or put on a Trail Trial. It is important to remember that the people doing the judging at sanctioned Trail Trial event are volunteers following the rulebook and are doing thwe best they can. Safety, control, and common sense are the number one priorities for all ETI sanctioned Trail Trials. Trail Trials are open to ETI members and Non-members. There are three divisions: Juniors for youth 14 years (as of Jan. 1st) and under; Novice and Open. Please contact the ETI office at (818) 698-6200 office@etinational.com.
