## A Message from Tom Kirsch ETI National President

Hello to all:

The ETI National Board meeting was held on 1/19/2026 via phone conference. We are doing fine financially, and our membership is staying about the same.

Our ETI National annual Presidents and Membership luncheon was held 1/24/2026. We had a pretty good attendance. I want to thank everyone who attended for supporting the event. We discussed our membership, magazine and the big topic...Insurance. Nikki did a great job going over our insurance problems...mainly the corrals getting their event calendars and membership information into the office, so we can get the information to the insurance company. She also discussed the importance of notifying her when a corral has to cancel an event, so we get credit for next year's billing. I really don't like having to make payments to the insurance company. They charge us interest!! We haven't had to for several years now which is great. We discussed the corrals supporting each other's events and the fact that the boarding stables are being put out of business by contractors and cities to allow building of housing. The equestrian community is under attack!! Please remember, ALL Insurance emails should be emailed to: Insurance@ETINational.com

Our next National event is the Spring ride on June 11- 14, 2026. The application and information is already in the magazine and on the website. Chihuahua Valley Horse Camp is a great campground, and the trails are great. We have reservations all ready. So, come out and have some fun with your horse and friends.

Please read the magazine and website, and please come out support the corral events. We need to show the "powers that be" that we use the trails and equestrian facilities.

Register your riding miles in the saddle with TRAP ! Trail Riders Awards program. See page 14 in our February Magazine. Easy to join and Carol Elliott documents your miles in the saddle and which trails. Very important information for ETI to use when dealing with land issues.

Here's to a great 2026. Be safe and look out for each other.

*Tom*

### National Board Meeting

Next meeting will  
February 17 at 7pm

Monthly meeting is via  
conference call. If interested in  
joining the call, email us at  
office@etinational.com

**Join us!**

## ETI SPECIAL EVENTS CHAIRPERSONS

2026 SPRING RIDE (June 11-14): Nikki Ahten [nmahten@gmail.com](mailto:nmahten@gmail.com) & Tom Kirsch [tkirsch98@gmail.com](mailto:tkirsch98@gmail.com)

ETI TRAIL RIDER AWARD PROGRAM (TRAP): Carol Elliott (760) 963-8209 [happy2appy@yahoo.com](mailto:happy2appy@yahoo.com)

## **Blast From The Past: February 2015**

### **About the Nature of Horses and Good Horsemanship**

As most of us know, horses are not only prey animals, they are herd animals. One of the things involved in their being prey animals is that their peripheral vision is extraordinary. Also, their dependence on each other goes beyond wanting to be around each other. This includes relying on each other to alert for danger, and to bolt and run away if other horses are running and snorting. This is instinctive for horses: running away from danger is how they have always survived.

This affects all humans who are around horses. For any horse to gain so much trust in his or her human handler that the horse willingly overcomes the instinctive urge to run when other horses are running is not easy and takes years of patient training. It's also not safe for the rider or handler until and unless such trust has been gained from the horse.

This is the reason that no true horseman anywhere will ever turn a horse or horses out, or worse, chase them, when someone is riding a horse nearby. IT IS DANGEROUS! It is even worse if there are bushes or other objects that partially block the vision of the ridden horse, but not the sound, of loose running horses. It is extremely dangerous for the rider and the horse if the rider can't stay on, the horse becomes frightened, the rider falls, and then the horse is loose running in a panic, possibly dragging its rider or running over the rider.

There are also serious liability issues to consider. If someone turns a horse or horses out in an arena, and especially if they chase the horses around to make them run, and someone riding nearby is injured and/or their horse is injured, the person in charge of the horse(s) at liberty and the owner of the property where the horses are being turned out are likely to be held liable for any injuries, especially if they've been asked, warned or otherwise alerted to the possibility of injury to nearby riders before an accident happens.

So, the next time you want to turn your horses out to exercise at a run, please check to make sure no one is riding another horse nearby. This is common sense and common courtesy, and could avoid a lawsuit that you would probably lose.

~~Stephanie Abronson, Editor, ETI Corral 36 Newsletter

# Trail Rider Award Program

## T. R. A. P.

It's TRAP! What is "TRAP" you ask?  
TRAP is ETI's Trail Rider Award Program!

What does it do?  
A heck of a lot more than it sounds!

If you have any questions about the TRAP Program, call TRAP Chairperson Carol Elliott, (760) 963-8209. All completed logs and CHECKS should be sent to Carol Elliott: 6990 Ord View Rd; Apple Valley Ca 92308. [happy2appy@yahoo.com](mailto:happy2appy@yahoo.com)

All your TRAP dues of \$6.00 are due in January.

ETI TRAP keeps computerized logs on how many hours members are riding and where.

In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage.

ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

When a Corral calls ETI TRAP and identifies a specific problem area, TRAP not only provides them with actual riding statistics of usage, but TRAP members are notified to increase usage and support in that particular area.

Documentation from 'trail logs' turned in by TRAP members are proof that trails are being used by equestrians.

ETI TRAP acknowledges hours in the saddle with those non-arena hours of driving time spent on the trails.

Lest we offend the "cart" people, TRAP also counts those non-arena hours of driving time spent on the trails.

How much does all this cost? It's cheap!!! The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00.

You will start by receiving the TRAP main shoulder patch (about the size of a police patch), and your log sheets. As you hit the hour goals (100, 200, 500, etc.), additional patches will be sent to you. When you reach the higher levels, your hours will be acknowledged with pins instead of patches.

**Why should the Show people get all the awards?**

## TRAIL RIDER AWARD Program application

## Ultimate Horse General Knowledge Quiz

Published: 12 November 2019, 00:21 | 27 May 2020, 02:51 by Christine Hirlehey

1. Which of the following is not a horse breed?      4. Which of these is not part of a horse's hoof?

Criollo  
Sheltie  
New Forest  
Trakener

The bridge  
The wall  
The frog  
The sole

2. To measure a horse, you go from the ground to a horse's what?

Withers  
Back  
Top of its ears  
Top of its head

5. What is the segment of hair that hangs between a horse's ears called?

Forelock  
Mane  
Quiff  
Fringe

3. True or False: A horse can only breathe through its nostrils / nasal passages.

True  
False

## Ultimate Horse General Knowledge Quiz (cont.)

Published: 18 October 2018, 20:03 | Updated on: 27 May 2020, 02:48 by Christine Hirlehey

6. Which is the smallest breed of horse?

Falabella  
Shetland  
Icelandic  
New Forest

9. True or False: Horses can sleep in both lying down and standing up positions.

True  
False

7. How many inches make up a hand?

3  
4  
5.5

10. What is the scientific name for a horse?

Equus Caballus  
Elephas Maximus  
Equine  
Panthera Tigris

8. When is it believed that horses were first domesticated?

1000 years ago  
6000 years ago  
20000 years ago

**Answers on page 23.**

## Valentine's Day Special! 4 Horse Treat Recipes That Will Make Your Horse Love You Forever

Written by Mackenzie Shuman; Originally printed February 13, 2017

Why buy expensive horse treats at the store when you can make some from household ingredients? We have compiled some of our favorite recipes that are perfect for telling your horse just how special he is.

### Only the Best Carrot/Apple Cake

- 1 carrot
- 1 apple
- 1 cup molasses
- 2 1/2 cups oats
- 2 Tablespoons oil

#### Directions:

- \* Preheat oven to 300 degrees
- \* Grate the carrot and apple
- \* Mix together all ingredients
- \* Place mixture in baking tray
- \* Bake for 40 minutes or until golden brown
- \* Cool for four hours in refrigerator

### So Sweet Feed Treats

- powdered sugar
- 4 cups sweet feed
- 1/4 cup brown sugar
- 3 cups molasses
- 2 grated carrots
- 2 grated apples
- 1/2 cup flour

#### Directions:

- \* Preheat oven to 400 degrees
- \* Mix together all ingredients, except powdered sugar
- \* Form into large balls and press flat onto greased cookie sheet
- \* Bake for 20 minutes
- \* Cool, then sprinkle with powdered sugar

## Valentine's Day Special! 4 Horse Treat Recipes That Will Make Your Horse Love You Forever (cont.)

Written by Mackenzie Shuman; Originally printed February 13, 2017

### Stable Snacks

- 1 cup flour
- 1 cup oats
- 2 cups of water
- 1/2 cup finely chopped carrots
- 1/2 cup finely chopped apples
- 1 teaspoon sugar
- 1 teaspoon salt
- 2 teaspoons canola oil
- 4 peppermint candies
- 1/3 cup molasses

#### Directions:

- \* Mix together all ingredients in a large bowl.
- \* Roll into one inch balls and flatten.
- \* Put in oven at 325 degrees for 20 minutes.

### Horse Biscuits

- Honey
- 1/2 apple
- Grated carrots and carrot chunks
- Milk
- Whole-wheat flour
- Oatmeal

#### Directions:

- \* Mix grated carrots and carrot chunks, grated apple, oatmeal, whole-wheat flour and honey in a bowl.
- \* Stir until sticky and doughy.
- \* Add a little milk to the mixture milk to make it moist, but still doughy.
- \* Shape the dough into balls and bake at 350 degrees for 15-20 minutes.
- \* Let cool.

We all need encouragement and positive energy...especially these days. Each month, I'm going to send come positivity your way on this page. If you have a favorite saying, please share at [magazine@etnational.com](mailto:magazine@etnational.com) and I'll include the following month!!

Hesperia Happy Horsemen  
Hesperia/Apple Valley  
Pres. Dawn Walker  
(760) 961-7879

We had a nice ride in January at Mojave River Forks Regional Park. There were ten riders. The weather was great. I have to thank Carol Cronk for leading the ride. She picked some very nice trails. The only problem was at the Park gate. You have to call the number for the gate code and pay with a credit card. If there are multiple rigs, they are sitting out on the road. They also don't answer the phone quickly, so you may be sitting. Hopefully, they will get this fixed.

Coming up on February 15, we have a ride in Apple Valley. Please be aware that the venue has changed from Phelan to Apple Valley. This will be an easy approx. two hour ride over desert terrain. No water crossings. Please check our facebook page for the flyer with the info or contact Dawn Walker at (760) 961-7879 or email [delta3743@verizon.net](mailto:delta3743@verizon.net).

**FOR SALE:**

1978 travel trailer. AS IS. Registration is Current.  
\$100 OBO to good home. Or abusive, we don't care.

Was used for Corral 138 announcer's booth, storage and cook shack for Trail Trials. Kitchen area works fine: burners, oven, frig, electric. Two propane tanks might be pretty full. Table folds into a bed. Second bed was replaced by a big water tank.

Thanks to Covid we haven't put on any events or needed it and the mice moved in. They were evicted but left debris.

Kimberly (661) 478-2770

Are You  
and Your Horses  
Prepared for an  
Emergency Event?

**LACDACCERT**

## YOU ARE THE ONLY ONE WHO CAN PLAN TO KEEP YOUR HORSES SAFE!

### 10 Things You Can Do NOW To Prepare Your Horses for an Emergency Event

Living and owning horses in Southern California has its special challenges, particularly where emergency preparedness is concerned. It is every horse owner's responsibility to have an Emergency Plan in place. This includes making arrangements to evacuate or preparing an area where horses can remain safe during an emergency event.

**EVACUATE EARLY!** It is vital for horses to be evacuated early from threatened areas so horse trailers do not interfere with emergency response vehicles.

**If Your Horse is Not Trained** to load into a trailer, or will not load easily or safely, you must work in advance to make your horses' area as safe as possible to Shelter in Place. Check with the Fire Department for clearance regulations

#### BETTER YET -

**Train Your Horses To Trailer**, and have a working trailer available during fire season!

#### DO NOT TURN YOUR HORSES LOOSE!!

Although your instinct may be to let your animals loose in the event of a wildland fire, your animals are safer in their corrals.

**Loose horses can pose a life threatening danger to themselves, the public and to emergency responders.**

**1. Plan NOW for Emergency Sheltering for Your Horses.** Many designated sheltering sites may become overcrowded. Make plans now to house your horses with friends, at a commercial stable or other suitable sites out of the danger area. Discuss your plans with everyone in your family and keep the address and driving directions in your emergency kit.

**2. Become Involved With (or Start) A Neighborhood Network** During a disaster we will all need to help each other. Neighbors can work together to help the horse owners on their street who do not have a horse trailer.

#### 3. Make A List of Emergency Contacts

Use the space provided on this brochure, use several and keep copies in your car or trailer as well as in your house.

**4. Take Photographs** and prepare a written description of each horse. Put one set in a safe place and another set in your emergency kit.

**5. Have a Halter & Rope for Each Horse** Make sure halters are marked/engraved with your contact information or you can write the information on a piece of duct tape and stick it on the halter. If your horse has medical issues or special needs, record this information on a luggage tag and attach it to the halter.

**6. Microchip your horses.** This is an easy, inexpensive way to help identify all of your animals.

**7. Have a 3 Day Supply of Feed and Water (per Horse)** This is particularly important if you plan to shelter in place, but you should also bring feed (and buckets!) if you evacuate. Make sure to include any medications your horse may need. Label ALL of your equipment.

**8. Teach Your Horses How to Trailer** Spend time loading and unloading your horses so they are safe and willing to load.

**9. Keep Trucks, Trailers & Vans Well-Maintained and Ready to Move** Keep your gas tank full, particularly during Red Flag Warning days. Continue working with your horses until you are confident they will load.

**10. Make a Disaster Preparedness Kit** Store non-perishable supplies in a portable container such as a clean trash can, bucket or canvas duffle bag.

### Biological Controls - *Nature's Way*

Encourage the use of swallows, bats and other insect eating animals on your residence. For more information, call: 1 (800) 974-9794

### Chemical Controls - *Your Least Resort*

Use these least-toxic products:

- Pyrethrin-based insecticides
- Dehydrating dusts (e.g. silica gel)
- Insecticidal soaps
- Horticultural oils

### Pesticide Disposal

Rinse empty pesticide containers and treat the rinse water as you would the product. Dispose of empty containers in the trash.

City of Los Angeles residents should dispose of unused household toxics at a HazMobile instead of into the sink. Call 1 (800) 98-TOXIC (8-6942) for the location nearest you.

**Dumping toxics into the street, gutter or storm drain is illegal!**

Residents outside the City of Los Angeles can call the reference numbers listed in this pamphlet to learn more about the proper disposal of household toxics.

Stormwater Management Division Department of Public Works

## Ocean Pollution Prevention It's Up to Us

Los Angeles has two drainage systems—the sewers and the **storm drains**. The storm drain system was designed to prevent flooding by carrying excess rainwater away from city streets out to the ocean.

Because the system contains no filters, it now serves the *unintended* function of carrying urban pollution straight to the ocean.

This pamphlet tells you how to prevent ocean pollution from "stormwater" or "urban runoff."

Rain, industrial and household water mixed with urban pollutants creates stormwater pollution. The pollutants include: oil and other automotive fluids, paint and construction debris, yard and pet wastes, pesticides and litter.

Urban runoff pollution flows to the ocean through the storm drain system—1,500 miles of pipes that take water and debris straight from Los Angeles streets to the ocean. Each day, 100 million gallons of polluted urban runoff enter the ocean untreated, leaving toxic chemicals in our surf and over 4,300 tons of trash on our beaches annually.

Urban runoff pollution contaminates the ocean, closes beaches, harms aquatic life and increases the risk of inland flooding by clogging gutters and catch basins.

These Best Management Practices (BMPs) will ensure a cleaner ocean and city.

## Animal Waste Problems

Animal waste contributes to ocean pollution when it is improperly stored or left uncovered near small streams and storm drains. During rainfall, it is washed into storm drains and flows untreated, directly into the ocean.

Animal waste contains some nutrients—phosphorus and nitrogen—as well as bacteria. The nutrients fertilize the aquatic plants causing their proliferation which depletes oxygen in the water, killing sea life. The high bacteria levels in the water can cause gastrointestinal disorders and other medical problems for swimmers.

Sediment is also a common pollutant washed from pastures and livestock facilities. It creates multiple problems once it enters the ocean. It harms sea life by clogging the gills of fish, blocking light transmission and increasing ocean water temperature.

## Solutions

### Facilities Design

- Site barns, corrals and other high-use areas on the portion of property that drains away from the nearest creek or stream.
- Install gutters that will divert runoff away from livestock area.
- Design diversion terraces which drain into areas with sufficient vegetation to filter the flow.
- Protect manure storage facilities from rainfall and surface runoff.

## Pasture Management

- Confine animals in properly fenced areas except for exercise and grazing time.
- Corals, stables and barns should be located on higher ground when possible and surrounded by pasture to act as a natural filtration system.
- Utilize fencing to keep horses away from environmentally sensitive areas and protect stream banks from contamination.
- Use manure and soiled bedding sparingly to fertilize pastures and croplands.

## Grazing Management

- Establish healthy and vigorous pastures with at least 3 inches of leafy material present.
- Subdivide grazing areas into three or more units of equal size.
- Clip tall weeds and old grass to control weeds and stimulate grass regrowth.
- Rotate animals to clean pasture when grass is grazed down to 3-4 inches.
- Let pasture regrow to 8-10 inches before allowing regrowth.
- Keep animals away from wet fields when possible.
- During heavy rainfall, consider indoor feeding, a practice which keeps more manure under roof and away from runoff.

## Collection and Storage

Collect soiled bedding and manure on a daily basis from stalls and paddocks and place in temporary or long-term storage units. Store in sturdy, insect resistant and seepage free units such as:

- Plastic garbage cans with lids.
- Fly-tight wooden or concrete storage sheds.
- Composters.
- Pits or trenches lined with an impermeable layer.

## Use and Disposal

- Compost soiled bedding and manure for your own use.
- Give away composted material to local greenhouses, nurseries and botanical parks.
- Transport manure to topsoil companies or composting centers.
- Fertilize pastures, cropland and lawns with manure and soiled bedding. **Do not** apply fertilizer just before or during rainstorms.

## Pesticide Alternatives

The "chemicals only" approach to pest control is only a temporary fix. *Integrated Pest Management* is a more common sense approach for a long-term solution. Plan your "IPM" strategy in this order:

### Physical Controls

- Pheromone Traps
- Tarps
- Bug Zappers
- Fly-Tight Storage Sheds

## WAIVER & RELEASE FOR EQUESTRIAN TRAILS, INC., ACTIVITIES

This Is A Waiver of Your Legal Rights, And An Agreement Not To Sue  
Serious Injury Or Death May Result From Riding Or Being Near Horses

ETI Event \_\_\_\_\_ Location \_\_\_\_\_ Date \_\_\_\_\_

1. Participant's Name (print): \_\_\_\_\_

Address: \_\_\_\_\_ City: \_\_\_\_\_ State: \_\_\_\_\_ Zip \_\_\_\_\_

Telephone: ( \_\_\_\_ ) \_\_\_\_\_ Email: \_\_\_\_\_ ETI Member \_\_\_\_ If Yes, Corral #: \_\_\_\_\_

2. **Liability Release.**

In consideration for Equestrian Trails, Inc. ("ETI") allowing me or my child to voluntarily participate in its activities, I agree as follows:

- a. This agreement, waiver and release applies to ETI and to ETI's affiliated Corrals, committees, employees, predecessors, successors, attorneys, insurers, members and volunteers who are working in the course and scope of their duties on behalf of ETI, including its affiliated Corrals, at the time of occurrence of any act or omission which is later alleged to be a cause or contribution to a claim for injury, damages or death ("Released Parties");
- b. I forever release, hold harmless and indemnify Released Parties from liability for any and all claims, demands, causes of action, damages, injuries or death to me, my minor children, my horse and my property, and legal liability of every nature, including the negligent acts or omissions of any Released Parties, whether known or unknown, anticipated or unanticipated, direct or indirect, arising out of participation in the past, present or future ETI activities (including equestrian activities, such as the riding, use of, or being near, horses, whether at an arena, stable or on a trail ride in association with ETI) and I assume all risks of injury or death as set forth in this release;
- c. I shall not bring any lawsuit, action or proceeding against any Released Parties, even if they engage in negligent conduct; and
- d. I make this agreement, waiver and release for and on behalf of myself, my spouse, my child and/or ward, heirs, administrators, successors, representatives and assigns.

3. **Activity Risk.**

I understand that some ETI activities take place in isolated or wilderness areas over rough terrain, and/or trails of unknown condition and others take place on land or in facilities owned and managed by others from whom such land or facilities are borrowed or rented. I understand that the organizers, workers and members involved in ETI activities are not professionals in the horse industry, or in the planning or conducting of trips or camping events, or in other areas of expertise involved in ETI activities. I also understand that horseback riding is a rugged adventure, recreational sport activity. I am aware that there are numerous obvious and non-obvious inherent risks of serious injury or death, or property damage, to me or my horse, which are always present in ETI activities, on or near horses. I understand that pregnant women are specifically advised not to ride horses. I understand that ETI is a non-profit club of private individuals who have come together to support and enjoy recreation-oriented activities.

4. **Nature of Horses.**

I understand that no horse is completely safe, and the Released Parties make no representations or guarantees regarding the safety, training or suitability of any horse. Horses are 5 to 15 times larger, 20 to 40 times more powerful, and 3 to 4 times faster than a human. If I fall from a horse to the ground, it will generally be at a distance of 4 to 6 feet, and the impact will injure me. A horse may divert from its training and act according to its natural survival instincts and may abruptly change directions or speed, trip, slip, fall, stop short, shift its weight, buck, rear, kick, bite, spook, or run from what it perceives to be danger if it is frightened or provoked, or for no reason whatsoever.

5. **Conditions of Nature & Locations.**

I agree that the Released Parties are not responsible for acts, occurrences or elements of nature or a particular location that can injure a person or scare a horse, cause it to trip, fall or react in some other manner. These elements include thunder, lightning, rain, wind, wild and domestic animals, insects, other people and horses, and reptiles which may walk, run, fly near, bite and/or sting a horse or person, irregular footing on groomed or wild land which is subject to constant change according to weather, temperature, natural and manmade

objects. The Released Parties have not inspected, and make no representations or warranties concerning the safety or condition of, any trail, camping site, arena and/or other location of ETI events.

**6. Helmet Warning.**

I am aware that protective head gear which meets or exceeds the quality standards of the SEI certified and ASTM standard F1163 equestrian helmet, should be purchased and worn by me and/or my child while riding and being near horses, and the wearing of such helmet may reduce the severity of some head injuries and may prevent my serious injury or death as a result of a fall or other occurrence. If I or my minor child do not wear a helmet, it is because we so choose.

**I HAVE READ, UNDERSTOOD AND VOLUNTARILY AGREE TO THIS TWO-PAGE WAIVER & RELEASE. I FURTHER AGREE THAT NO ORAL STATEMENTS, REPRESENTATIONS OR INDUCEMENTS APART FROM THIS WRITTEN AGREEMENT HAVE BEEN MADE TO ME TO OBTAIN MY CONSENT.**

Dated: \_\_\_\_\_ Participant's Signature: \_\_\_\_\_

\_\_\_\_\_  
(Printed Name)

**IF PARTICIPANT IS UNDER 18, SIGNATURE OF AGREEMENT BY PARENT OR LEGAL GUARDIAN IS ALSO REQUIRED, AND SUCH PERSON FURTHER AGREES, PURSUANT TO PARAGRAPH 2, ABOVE, TO RELEASE AND INDEMNIFY THE RELEASED PARTIES FOR ANY INJURY OR DEATH TO, OR ANY CLAIM BY OR ON BEHALF OF, SUCH MINOR:**

Minor's Birth Date: \_\_\_\_\_

Dated: \_\_\_\_\_ Signature: \_\_\_\_\_

Relationship to Minor: \_\_\_\_\_

**Please submit by email at [magazine@etinational.com](mailto:magazine@etinational.com)**

**We are publishing ONLINE every month.**

**Checklist For Membership Application Cards**

Be sure to use the standard cards and not paper forms. If you need more cards please let us know.

**Please Check Cards For Completeness And Legibility.**

Oftentimes the information on the cards is hard to read. Membership fees are due on the member's anniversary date. Please notify members a month in advance of their anniversary date and send them a Membership Application card to complete and return to your Corral. If they renew late, 90 days or more, their anniversary date will change. Anyone who does not have current membership must pay single event fees at events.

Send cards in A.S.A.P. **Don't hold them.** For **Single** membership, list only the person applying for membership and no one else.

**All ETI rides and events require that participants complete both sides of the ETI Waiver and Release.**

**Non members must complete a Single Event form and pay \$10.00 for an individual for the day or weekend-camping membership. \$5.00 of this is to be sent with the forms back to the ETI office. A family membership for the event is \$20.00; \$10.00 goes to the ETI office.**

**The Waivers/Release as well as Single Event forms need to be received at the ETI office within two weeks of event.**

**Basic membership amounts are Family \$50; Senior \$35; Junior \$30.**

**At Large Memberships are Family \$70; Senior \$50; Junior \$45.**

**Some Corrals charge additional amounts.**

**Please contact a Corral or send to ETI, P.O. Box 920668, Slymar, CA 91392**

## ETI National Programs

**Horse Shows** ETI has a National High Point Circuit which is currently on hiatus. Until then, please contact the ETI office. Non-ETI members can participate in our ETI High Point Shows. But to be a part of the National High Point Circuit you must be an ETI member. You can sign up for the Circuit any time during the season, but must compete a specified number of times in your chosen classes to win awards. Points towards year end awards start accumulating on the date you sign up with the high point program.

The **Junior Ambassador Program** is open to all ETI youth age 7 to 21. Boys are welcome for the Prince and King category. Applications for the program may be obtained by contacting Cheri Ovayan at (818) 335-2884 [covayan97@icloud.com](mailto:covayan97@icloud.com). The completed forms are due back by April 2<sup>nd</sup> with all fees, sponsors, autobiography and pictures. This is a great way for our youth to represent their Corral and ETI. Participants volunteer their time at several mandatory events as well as many horse shows; trail trials, parades, trail dedications, quarterly dinner meetings and fun events just for the Junior Ambassador Court such as the retreat! Contact Michelle or any of the girls who have participated for more info on the fun activities.

**Trail Rider Award Program** (TRAP) keeps computerized logs on how many hours members are riding. In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage. ETI Corrals in all areas are finding themselves having to defend their

riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

ETI TRAP acknowledges hours in the saddle with shoulder patches & pins that can be attached almost anywhere. The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00. You will start by receiving the TRAP main shoulder patch and your log sheets. As you achieve the hour goals additional patches will be sent to you. Carol Elliott is the TRAP chair. Please contact (760) 963-8209 or [happy2appy@yahoo.com](mailto:happy2appy@yahoo.com).

**Trail Trials:** An ETI Sanctioned Trail Trial consists of a trail ride, usually averaging between two and three hours, with trail obstacles along the way. Obstacles are natural, or simulate naturally occurring conditions for the horse and rider to negotiate. We now have a DVD from a clinic demonstrating obstacles and tips to compete or put on a Trail Trial. It is important to remember that the people doing the judging at sanctioned Trail Trial event are volunteers following the rulebook and are doing thwe best they can. Safety, control, and common sense are the number one priorities for all ETI sanctioned Trail Trials. Trail Trials are open to ETI members and Non-members. There are three divisions: Juniors for youth 14 years (as of Jan. 1st) and under; Novice and Open. Please contact the ETI office at (818) 698-6200 [office@etinational.com](mailto:office@etinational.com).
