Happy Mother's Day !

A Message from Tom Kirsch ETI National President

Hello to all:

The ETI National board was not an official meeting this month due to not having a quorum. We did have an informal discussion. We are doing ok financially and slowly recovering from paying our insurance for the year. The corrals for the most part did a good job in getting their insurance payments into the office. Our membership is down, which has a lot to do with the show and gymkhana corrals starting their show season. All and all, we are holding our own even with so many equestrian moving away and losing boarding facilities. This is becoming a big problem within the equestrian community. The housing contractors are buying up the boarding facilities, and the cities and state are not helping save these large properties in the hope of building more housing!! There is a good article in the magazine this month on page 12 "Protecting A Vital Equestrian Resource In the Conejo Valley". Everyone should read it.

Our ETI National Spring ride and fundraiser is not getting the interest that I thought we would get. Chihuahua Valley Horse Campground is a great place to ride and camp. It's not a long drive...only a four day ride...and the price is good. All the information and application is in the magazine and on Facebook along with our website. So come out and join us for fun, great riding and good food.

It's that time of year when our membership starts to travel to shows and vacations with their animals and friends. It's time to check those tires, hitch's and all equipment. There's nothing worse than being broke down on the road.

Remember...read the magazine for up coming events and articles and get out and support your fellow equestrians. Be safe and look out for each other!

Tom

ETI Corral 86

May 21 - 24, 2026

PIONEER TOWN CAMPING!

53626 Mane Street, Pioneertown, CA 92268

Corral 86 has reserved the entire campsite so space for rigs is almost unlimited! There is water for horses, bring your hoses and buckets. All 19 stalls are 10 x 24! There is a Motel on site but it is very pricey!
 On Friday, May 22nd we will have a Tri-Tip BBQ with campers bringing side dishes and on Saturday we have dinner reservations set for 20 people at Pappy & Harriets and we are celebrating a Birthday that evening! The trails at Pioneertown are absolutely beautiful with single track, deep sand washes and gorgeous views!! There is an old western town to shop and visit after our ride too!

To secure your spot I need your complete payment of \$20.00 per person per night and \$20.00 per horse per night along with large RV's payment (over 38 ft) - \$50.00 for the whole 3 days and under 38 ft are \$30.00 for all 3 days.

Grady & Karen: 3 Nights (2 people) X \$40.00 =	\$120.00
Tristan & BJ: 3 Nights (2 horses) X \$40.00 =	\$120.00
41 Ft. RV =	\$50.00
Total:	\$290.00

Please send your check with number of campers/horses and rig to: Karen Dagnan, 34175 Lavery Canyon Road, Agua Dulce, CA 91390. Any questions, please contact me at (661) 904-2294 or Karenqdagnan74@gmail.com

Protecting A Vital Equestrian Resource In the Conejo Valley Submitted by Sharyn Henry, President Corral 37

As President of Equestrian Trails, Inc. Corral 37, I want to share both my pride in what we've built together—and my concern for its future.

Our ETI Corral 37 has been serving the Conejo Valley since 1978, and today we are working to protect Conejo Creek Equestrian Park—one of the few remaining free public equestrian facilities in the region.

Located on Avenida de las Flores in Thousand Oaks, this facility is something truly special. It features a large lighted main arena, dressage arena, obstacle arena, multiple warm-up arenas, four round pens, and pipe corrals used for events and emergency evacuation. We've recently invested in major

improvements, including new silica sand footing and the rebuilding of our announcer and registration booth.

We've put time, resources, and heart into making this a safe, functional space for horses, riders, and all who use this public facility.

We are also proud of our long-standing partnership with the Conejo Recreation and Park District. Their staff have been incredibly supportive, and we value the opportunity to steward this space together and continue the legacy of equestrian use in the Conejo Valley.

That said, we have serious concerns about elements of a proposed concept plan for the Conejo Creek Equestrian Park / Conejo Creek West area. Proposed changes include:

- Adding pickleball courts
- Adding an RC activity area

Protecting A Vital Equestrian Resource In the Conejo Valley

Submitted by Sharyn Henry, President Corral 37

- Reducing the size of the horse trailer parking lot
- Removing the dressage arena for expanded community garden space
- Replacing a warm-up arena with a picnic area

Save Conejo Creek Equestrian Park, bringing together equestrians, residents, and park users who care about preserving this unique space.

We encourage the community to stay informed and respectfully engage. Public input plays a critical role in shaping decisions that impact our shared spaces.

While we support thoughtful park improvements, these proposed uses introduce higher-intensity activities directly adjacent to active equestrian areas.

This facility is more than a place to ride—it is a critical community asset. It supports youth programs, therapeutic riding, school athletics, law enforcement mounted training, and community events. It also serves as an emergency staging and evacuation site for horses and livestock during wildfires.

Importantly, this is the only free public equestrian facility in the Conejo Valley. Any loss of safety or compatibility would not just reduce access—it could effectively eliminate it for many in our community.

For these reasons, we have helped form the Coalition to

Raise your voice

Help us protect the only public horse park in Conejo Valley! CRPD has released concept plans regarding changes to the park. These changes raise serious concerns about safety, compatibility, and the future usability of the park for horses and riders, and would significantly reduce the footprint and functionality of the existing equestrian space.

Many in the community feel CRPD is squeezing in too many activities into a limited space which can effect the safety of everyone, not just horses, riders. Please come to the meeting this Saturday April 25th a 9am at the CRPD office on Hillcrest, every voice needs to be heard, especially people who don't own horses! Or please message at the contact below. CRPD has this perception that it's only the horse people raising awareness. We want a safe park for everyone!

Trail Rider Award Program

T. R. A. P.

**It's TRAP! What is "TRAP" you ask?
TRAP is ETI's Trail Rider Award Program!**

**What does it do?
A heck of a lot more than it sounds!**

If you have any questions about the TRAP Program, call TRAP Chairperson Carol Elliott, (760) 963-8209. All completed logs and CHECKS should be sent to Carol Elliott: 6990 Ord View Rd; Apple Valley Ca 92308. happy2appy@yahoo.com

All your TRAP dues of \$6.00 are due in January.

ETI TRAP keeps computerized logs on how many hours members are riding and where.

In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage.

ETI Corrals in all areas are finding themselves having to defend their riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

When a Corral calls ETI TRAP and identifies a specific problem area, TRAP not only provides them with actual riding statistics of usage, but TRAP members are notified to increase usage and support in that particular area.

Documentation from 'trail logs' turned in by TRAP members are proof that trails are being used by equestrians.

ETI TRAP acknowledges hours in the saddle with shoulder patches and pins that can be attached almost anywhere.

Lest we offend the "cart" people, TRAP also counts those non-arena hours of driving time spent on the trails.

How much does all this cost? It's cheap!!! The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00.

You will start by receiving the TRAP main shoulder patch (about the size of a police patch), and your log sheets. As you hit the hour goals (100, 200, 500, etc.), additional patches will be sent to you. When you reach the higher levels, your hours will be acknowledged with pins instead of patches.

Why should the Show people get all the awards?

Corral 20's 8th Annual Terry Kaiser Memorial Trail Trials Submitted by Becky Borquez, Corral 20

We had over 30 riders join us on April 18 at Ranger Park in Lake View Terrace. What a beautiful day! We couldn't have asked for better weather! We are very thankful for our judges and other volunteers who worked so hard to make this a successful event!

First of all, our amazing leaders, Deb Mader and Cheri Ovayan who worked so hard planning the trail, deciding on obstacles and hanging trail ribbons, and all the other stuff it takes to get the trail ready! Cheri also cooked the most amazing and delicious Mediterranean lunch of chicken kabobs, beef luleh kabobs, tabouleh, hummus, lavash and the best homemade baklava! RAVE REVIEWS!!

Our judges were great! Thank you: Patty Hug, Brenna Aldana and her "helper" husband Alex Aldana, Noble Merriett, Gaby Winstead, Kris Hoxworth, Jennifer Lamm, Pam Mitchell, Cheryl Greslie, Jacqy Gamble, Deb Mader and Cheri Ovayan. We sure wouldn't be able to have a Trail Trial without our judges!!!

We also had volunteers Allan Johnson, who is our mighty worker in the early morning, getting Ranger Park all spiffed up for us, getting tables and chairs set up, finding extension cords and much much more! Also, Mary Measures and Karen Abbott who came early to help set up the silent auction table which is a big job! Karen also saved ME by being my right-hand assistant at the entry desk. She also helped tally scores which I so appreciated! Erin Seem was a big help waiting at the top of the trail, sending people out in organized groups, and also helped me at the entry desk! Jeanne Gonzales (with some help from her riding buddies) also rode drag and took down all the trail ribbons at the end of the event. Taking down ribbons is a big help, because we sure want to do our part to keep the Wash clean!

Now on to our competitors:

Junior:

- 1st Place Buckle and ribbon went to Eleanor McCabe on Sunny, with 15 points
- 2nd Place ribbon to Annie Emerson on Oaky with 21 points
- 3rd Place ribbon to Cooper McCubbin on Thor with 27 points

Kimberly Dwight on downhill with judging helper, Jennifer Lamm at the top

Three generations - far left Geo-May McCabe, middle mom/grandma Leah Frankenberg, in the right on the palomino daughter of Geo-May and granddaughter of Leah, is the first place Junior buckle winner Eleanor McCabe!!

Three Homemade Horse Treats That Are Fun To Make

Horses bond through experiences with their owner and what better way to bond with a horse than through food? By providing your horse with some homemade goodness, you can show you appreciate them and respect them – and that can go a long way for your budding relationship.

While we can't take credit for all these great recipes, we are happy to compile them all in one place for you to use when you are feeling ambitious. The following recipes aren't difficult, so you don't have to be a pro baker to make them, and when you see how much your horse loves them it will give you the motivation you need to try all three recipes. Just make sure you're getting plenty of exercise in between all the snacks!

The Ultimate Horse Cookie Recipe

Ingredients:

- 1 carrot
- 1 apple
- 1/2 cup molasses (or honey)
- 2 cups oats
- 1/2-3/4 cup flour (or make oat flour by throwing some oats into a blender/food processor)
- 1 tablespoon of vegetable oil or coconut oil
- 1 tablespoon water (optional)

Directions:

Preheat oven to 300-325 degrees

Grate the carrot and finely chop the apple

Mix together all of the ingredients. Please keep in mind that depending on variations such as the size/type of apple, what kind of oats you use (rolled or

steel-cut oats don't absorb as much moisture as quickly as quick oats), whether you use honey or molasses, etc. you may need to tweak the amounts of the ingredients. You should be able to squeeze a ball of dough in your hand and it shouldn't fall apart.)

Roll and press into balls with your hands and place them on a greased baking sheet. If the dough is too sticky add more flour and/or water

Bake for about 28-32 minutes on the middle rack, checking on them often, until golden brown

Cool and store in a sealed container and use within a week. They'll stay the freshest stored in the fridge

Earth Muffins

Ingredients:

- 1/4 cup Bob's Red Mill ground flax seed
- 3/4 cup warm water
- 1/2 cup organic sugar
- 2 cups Bob's Red Mill oat flour
- 2 cups Bob's Red Mill oatmeal
- 1 teaspoon of sea salt
- 1/2 teaspoon ground cinnamon
- 1 cup frozen blackberries

Directions:

Preheat the oven to 375°F.

Soak ground flaxseed in warm water for 10 minutes until it turns a gelatinous consistency.

In a mixing bowl, combine flax-and-water mixture with sugar.

Three Homemade Horse Treats That Are Fun To Make

Stir in oat flour, oatmeal, salt, and cinnamon until well-combined.

Pour batter into a greased mini-muffin pan.

Firmly press one berry thick side down into each muffin. Bake for 18-20 minutes.

Recipe courtesy of Michelle N. Anderson of The Horse Magazine

Homemade Oatmeal Horse Treats

Ingredients:

- 1 large Carrot
- 1 large Apple
- 1 cup Molasses
- 2 1/2 cups Old Fashioned Oats
- 2 Tablespoons Oil

Directions:

Shred the carrot and the apple into a large bowl.

Add in the oil, oats, and molasses. Stir to combine well so that all the oats are covered in the molasses.

Pour the mixture into a greased 9×13 baking dish. Pat the treats down with a spoon or with your fingers so they are flattened into the pan.

Bake at 400 degrees for about 40 minutes or until they begin to get crispy.

Remove the treats from the oven and let them cool for a while. The treats will harden slightly as they cool. Once they are hardened you can score into pieces.

The best thing about making homemade horse treats is that it doesn't have to be difficult. Most of the time, you can make delicious horse treats with the items sitting in your pantry. Ultimately, the important thing is to choose ingredients that are safe for horses and that cater to the specific taste preference of your horse. If you pay attention to what they like, you can't go wrong with giving them treats!

We had a wonderful play day on the 4th of April, 2026. The weather was perfect. We had more kids than adults this year. A special thank you goes out to the volunteers for keeping everything on time and to Jean Bredelis for getting the arena in great shape.

Our next ride is Rainbow Basin on May 6. Sign up is at 9am, and we ride at 10am. Bring a sack lunch. Water will be provided. For more information, please contact Jamie Rees at (760) 953-7235.

Last month, April, provided Corral 83 members with some extraordinary riding weather. Riders went to the Bakersfield area and rode the Panorama Preserve.

Alisa Dodge, a new member of Corral 83, led her first ride with our club on April 15. She was very familiar with the area, and the participants enjoyed fantastic weather for the ride. Riders had an opportunity to frolic in the river. I hope that Alisa will continue to lead our corral rides in the future. A few pictures from the ride have been submitted, photo credit to Kim Brandon and Alisa Dodge.

Alisa Dodge led a group of eti C83 members on a nice ride around Panorama Preserve and enjoying a quick dip in the Kern river. Perfect temps.

C83 Panorama Preserve ride April 15

Our corral resumed meeting at corral members home for our meetings and a potluck. Thank you to Vivette Lund for hosting our April meeting. There was plenty of food for everyone, and the desserts were abundant as well. There was a good turnout of members. It was nice to see Carol Hellyer, a long-time member of Corral 83. When Carol was able to be more active in the corral, she led some amazing rides locally and beyond. One of our longer rides was in Goler Gulch, north and east a bit, of Last Chance Canyon and Red Rock Canyon. It was a solid four hours out and back ride to an area that still has private, active mining sites. Carol and her daughter Beth were also very active in trail maintenance, both locally and far away.

March and April were active trail maintenance in Stallion Springs area...opening some trails that had remained overgrown and unused for some time. Jake Rogers, a Stallion Springs resident, cleared the Tejon View trail that connects the Mustang Wilderness trail and the Horse Thief trails. It is an easy trail to ride with an amazing view of the Tejon Ranch Conservancy. I hope to recruit Jake and his family to become ETI Corral 83 members.

So far it looks like May is shaping up to be another very nice weather window for local rides. Corral 83 has two ride events planned. One is planned for the Glider port area where the club installed a hitching post so riders could go into the Ravens Nest restaurant for refreshments. Club member Monica Lindsay built the rails and other members

helped her install them. Monica is on the calendar as the ride leader. The other ride is in Bear Valley Springs...Carol Knipp is on calendar as contact person for a Mulligan ride. Be sure to contact ride leaders as circumstances may cause a change in venue.

Some of our corral members will head to Bishop along with many other ETI members who ride mules and participate in the Bishop Mule Days Celebration that has been taking place in Bishop since Memorial Day weekend 1969.

Corral 103 had a good ride at Arrastre Canyon in April.

Coming up we have a trail ride at Mojave Narrows Regional Park in Victorville on May 30. I have heard they are working on the trails, so this should be a very nice ride. Signups at 9am and ride out at 10am. The park fees are on your own. I believe it's \$15 per rig and 1 horse and \$3 for each additional horse. If you need more info, you can contact me at (760) 961-7879 or text (760) 221-4479 or email delta3743@verizon.net. The flyer will be posted on our facebook page. Hope to see you there.

Our Corral 138 ride moved to Hansen Dam Saturday, April 25. Water is hard to come by in the desert. We definitely appreciated Debra Mader leading us on the same trail she chose for the Trail Trial the week before.

We've been busy gathering riders and vendors and forms for the June 13 Day of the Horse we are hosting, with Corral 86, at Vasquez Rocks. We have a great logo designed by Corral 138 member Georgia McCabe.

We've reached capacity for the number of horses allowed, so it would not be a good day to bring yours for a ride. But if you have a horse related product you sell and would like a booth, please contact me ASAP. Or if you would like to provide information on a horse related group, you could have an exhibitor's booth. We could always use volunteers. It's only from 10-1, but the before and after set up will take time.

Ocean Pollution Prevention It's Up to Us

Los Angeles has two drainage systems—the sewers and the **storm drains**. The storm drain system was designed to prevent flooding by carrying excess rainwater away from city streets out to the ocean.

Because the system contains no filters, it now serves the *unintended* function of carrying urban pollution straight to the ocean.

This pamphlet tells you how to prevent ocean pollution from "stormwater" or "urban runoff."

Rain, industrial and household water mixed with urban pollutants creates stormwater pollution. The pollutants include: oil and other automotive fluids, paint and construction debris, yard and pet wastes, pesticides and litter.

Urban runoff pollution flows to the ocean through the storm drain system—1,500 miles of pipes that take water and debris straight from Los Angeles streets to the ocean. Each day, 100 million gallons of polluted urban runoff enter the ocean untreated, leaving toxic chemicals in our surf and over 4,300 tons of trash on our beaches annually.

Urban runoff pollution contaminates the ocean, closes beaches, harms aquatic life and increases the risk of inland flooding by clogging gutters and catch basins.

These Best Management Practices (BMPs) will ensure a cleaner ocean and city.

Animal Waste Problems

Animal waste contributes to ocean pollution when it is improperly stored or left uncovered near small streams and storm drains. During rainfall, it is washed into storm drains and flows untreated, directly into the ocean.

Animal waste contains some nutrients—phosphorus and nitrogen—as well as bacteria. The nutrients fertilize the aquatic plants causing their proliferation which depletes oxygen in the water, killing sea life. The high bacteria levels in the water can cause gastrointestinal disorders and other medical problems for swimmers.

Sediment is also a common pollutant washed from pastures and livestock facilities.

It creates multiple problems once it enters the ocean. It harms sea life by clogging the gills of fish, blocking light transmission and increasing ocean water temperature.

Solutions

Facilities Design

- Site barns, corrals and other high-use areas on the portion of property that drains away from the nearest creek or stream.
- Install gutters that will divert runoff away from livestock area.
- Design diversion terraces which drain into areas with sufficient vegetation to filter the flow.
- Protect manure storage facilities from rainfall and surface runoff.

Pasture Management

- Confine animals in properly fenced areas except for exercise and grazing time.
- Corrals, stables and barns should be located on higher ground when possible and surrounded by pasture to act as a natural filtration system.
- Utilize fencing to keep horses away from environmentally sensitive areas and protect stream banks from contamination.
- Use manure and soiled bedding sparingly to fertilize pastures and croplands.

Grazing Management

- Establish healthy and vigorous pastures with at least 3 inches of leafy material present.
- Subdivide grazing areas into three or more units of equal size.
- Clip tall weeds and old grass to control weeds and stimulate grass regrowth.
- Rotate animals to clean pasture when grass is grazed down to 3-4 inches.
- Let pasture regrow to 8-10 inches before allowing regrowth.
- Keep animals away from wet fields when possible.
- During heavy rainfall, consider indoor feeding, a practice which keeps more manure under roof and away from runoff.

Collection and Storage

Collect soiled bedding and manure on a daily basis from stalls and paddocks and place in temporary or long-term storage units. Store in sturdy, insect resistant and seepage free units such as:

- Plastic garbage cans with lids.
- Fly-tight wooden or concrete storage sheds.
- Composters.
- Pits or trenches lined with an impermeable layer.

Use and Disposal

- Compost soiled bedding and manure for your own use.
- Give away composted material to local greenhouses, nurseries and botanical parks.
- Transport manure to topsoil companies or composting centers.
- Fertilize pastures, cropland and lawns with manure and soiled bedding. **Do not** apply fertilizer just before or during rainstorms.

Pesticide Alternatives

The "chemicals only" approach to pest control is only a temporary fix. *Integrated Pest Management* is a more common sense approach for a long-term solution. Plan your "IPM" strategy in this order:

- Physical Controls
 - Pheromone Traps
 - Traps
 - Bug Zappers
 - Fly-Tight Storage Sheds

WAIVER & RELEASE
FOR EQUESTRIAN TRAILS, INC., ACTIVITIES
This Is A Waiver of Your Legal Rights, And An Agreement Not To Sue
Serious Injury Or Death May Result From Riding Or Being Near Horses

1. **Participant's Name** (print): _____
Address: _____ **City:** _____ **State:** _____ **Zip:** _____
Telephone: (____) _____ **Email:** _____ **ETI Member** ___ **If Yes, Corral #:** _____

2. **Liability Release.**

In consideration for Equestrian Trails, Inc. ("ETI") allowing me or my child to voluntarily participate in its activities, I agree as follows:

- a. This agreement, waiver and release applies to ETI and to ETI's affiliated Corrals, committees, employees, predecessors, successors, attorneys, insurers, members and volunteers who are working in the course and scope of their duties on behalf of ETI, including its affiliated Corrals, at the time of occurrence of any act or omission which is later alleged to be a cause or contribution to a claim for injury, damages or death ("Released Parties");
- b. I forever release, hold harmless and indemnify Released Parties from liability for any and all claims, demands, causes of action, damages, injuries or death to me, my minor children, my horse and my property, and legal liability of every nature, including the negligent acts or omissions of any Released Parties, whether known or unknown, anticipated or unanticipated, direct or indirect, arising out of participation in the past, present or future ETI activities (including equestrian activities, such as the riding, use of, or being near, horses, whether at an arena, stable or on a trail ride in association with ETI) and I assume all risks of injury or death as set forth in this release;
- c. I shall not bring any lawsuit, action or proceeding against any Released Parties, even if they engage in negligent conduct; and
- d. I make this agreement, waiver and release for and on behalf of myself, my spouse, my child and/or ward, heirs, administrators, successors, representatives and assigns.

3. **Activity Risk.**

I understand that some ETI activities take place in isolated or wilderness areas over rough terrain, and/or trails of unknown condition and others take place on land or in facilities owned and managed by others from whom such land or facilities are borrowed or rented. I understand that the organizers, workers and members involved in ETI activities are not professionals in the horse industry, or in the planning or conducting of trips or camping events, or in other areas of expertise involved in ETI activities. I also understand that horseback riding is a rugged adventure, recreational sport activity. I am aware that there are numerous obvious and non-obvious inherent risks of serious injury or death, or property damage, to me or my horse, which are always present in ETI activities, on or near horses. I understand that pregnant women are specifically advised not to ride horses. I understand that ETI is a non-profit club of private individuals who have come together to support and enjoy recreation-oriented activities.

4. **Nature of Horses.**

I understand that no horse is completely safe, and the Released Parties make no representations or guarantees regarding the safety, training or suitability of any horse. Horses are 5 to 15 times larger, 20 to 40 times more powerful, and 3 to 4 times faster than a human. If I fall from a horse to the ground, it will generally be at a distance of 4 to 6 feet, and the impact will injure me. A horse may divert from its training and act according to its natural survival instincts and may abruptly change directions or speed, trip, slip, fall, stop short, shift its weight, buck, rear, kick, bite, spook, or run from what it perceives to be danger if it is frightened or provoked, or for no reason whatsoever.

5. **Conditions of Nature & Locations.**

I agree that the Released Parties are not responsible for acts, occurrences or elements of nature or a particular location that can injure a person or scare a horse, cause it to trip, fall or react in some other manner. These elements include thunder, lightning, rain, wind, wild and domestic animals, insects, other people and horses, and reptiles which may walk, run, fly near, bite and/or sting a horse or person, irregular footing on groomed or wild land which is subject to constant change according to weather, temperature, natural and manmade

objects. The Released Parties have not inspected, and make no representations or warranties concerning the safety or condition of, any trail, camping site, arena and/or other location of ETI events.

6. Helmet Warning.

I am aware that protective head gear which meets or exceeds the quality standards of the SEI certified and ASTM standard F1163 equestrian helmet, should be purchased and worn by me and/or my child while riding and being near horses, and the wearing of such helmet may reduce the severity of some head injuries and may prevent my serious injury or death as a result of a fall or other occurrence. If I or my minor child do not wear a helmet, it is because we so choose.

I HAVE READ, UNDERSTOOD AND VOLUNTARILY AGREE TO THIS TWO-PAGE WAIVER & RELEASE. I FURTHER AGREE THAT NO ORAL STATEMENTS, REPRESENTATIONS OR INDUCEMENTS APART FROM THIS WRITTEN AGREEMENT HAVE BEEN MADE TO ME TO OBTAIN MY CONSENT.

ETI National Programs

Horse Shows ETI has a National High Point Circuit which is currently on hiatus. Until then, please contact the ETI office. Non-ETI members can participate in our ETI High Point Shows. But to be a part of the National High Point Circuit you must be an ETI member. You can sign up for the Circuit any time during the season, but must compete a specified number of times in your chosen classes to win awards. Points towards year end awards start accumulating on the date you sign up with the high point program.

The **Junior Ambassador Program** is open to all ETI youth age 7 to 21. Boys are welcome for the Prince and King category. Applications for the program may be obtained by contacting Cheri Ovayan at (818) 335-2884 covayan97@icloud.com. The completed forms are due back by April 2nd with all fees, sponsors, autobiography and pictures. This is a great way for our youth to represent their Corral and ETI. Participants volunteer their time at several mandatory events as well as many horse shows; trail trials, parades, trail dedications, quarterly dinner meetings and fun events just for the Junior Ambassador Court such as the retreat! Contact Michelle or any of the girls who have participated for more info on the fun activities.

Trail Rider Award Program (TRAP) keeps computerized logs on how many hours members are riding. In this day and age, when trails are giving way to housing developments, it is crucial that records be kept on trail usage. ETI Corrals in all areas are finding themselves having to defend their

riding areas more and more against encroaching civilization. On several occasions, TRAP records have been instrumental in maintaining trail access.

ETI TRAP acknowledges hours in the saddle with shoulder patches & pins that can be attached almost anywhere. The fee to join TRAP is only \$12.00 (you must maintain current ETI membership); then the TRAP membership is maintained each year for only \$6.00. You will start by receiving the TRAP main shoulder patch and your log sheets. As you achieve the hour goals additional patches will be sent to you. Carol Elliott is the TRAP chair. Please contact (760) 963-8209 or happy2appy@yahoo.com.

Trail Trials: An ETI Sanctioned Trail Trial consists of a trail ride, usually averaging between two and three hours, with trail obstacles along the way. Obstacles are natural, or simulate naturally occurring conditions for the horse and rider to negotiate. We now have a DVD from a clinic demonstrating obstacles and tips to compete or put on a Trail Trial. It is important to remember that the people doing the judging at sanctioned Trail Trial event are volunteers following the rulebook and are doing the best they can. Safety, control, and common sense are the number one priorities for all ETI sanctioned Trail Trials. Trail Trials are open to ETI members and Non-members. There are three divisions: Juniors for youth 14 years (as of Jan. 1st) and under; Novice and Open. Please contact the ETI office at (818) 698-6200 office@etinational.com.
